Western Interstate Commission for Higher Education

The Western Interstate Commission for Higher Education (WICHE) is a public, interstate agency established to promote and facilitate resource sharing, collaboration, and cooperative planning among the Western states and their colleges and universities. Member states are:

Alaska	Idaho	Oregon
Arizona	Montana	South Dakota
California	Nevada	Utah
Colorado	New Mexico	Washington
Hawaii	North Dakota	Wyoming
		U.S. Pacific Territories and Freely Associated States*

WICHE's broad objectives are to:

- Strengthen educational opportunities for students through expanded access to programs,
- Assist policymakers in dealing with higher education and human resource issues through research and analysis,
- Foster cooperative planning, especially that which targets the sharing of resources.

This publication was prepared by the Office of Policy Analysis and Research which is involved in the research, analysis, and reporting of information on public policy issues of concern in the WICHE states.

The complete report is available online at <http://www.wiche.edu> or in hardcopy free of charge by contacting the WICHE Publications Office, 3035 Center Green Drive, Boulder, CO 80301-9752; Telephone: (303) 541-0200; FAX: (303) 541-0243. Please allow two weeks for receipt of hardcopies.

*The U.S. Pacific Territories and Freely Associated States includes three U.S. Pacific territories – American Samoa, the Commonwealth of the Northern Marianas Islands (CNMI), and Guam – and three freely associated states – Marshall Islands, Federated States of Micronesia, and Palau. They join as a single member, with each territory and state electing individually to participate actively in the commission when it sees fit. CNMI is the first of the group to participate.

ACKNOWLEDGMENTS

Tuition and fees data in this report were provided by state higher education governing and coordinating boards, and in some cases, individual institutions. We express our appreciation to the following individuals and agencies for providing the necessary information. Special appreciation also goes to Sarah Ohle, handled much of the data collection activities for this edition of the report as an intern in the Policy Analysis and Research unit during Summer 2013.

SUMMARY

This annual report updates the tuition and fee prices published by all of the public higher education institutions in the WICHE member states. It is the product of an annual survey administered to the State Higher Education Executive Officers (SHEEO) offices in each state, except for states such as Arizona, Idaho and South Dakota, where the data for the two-year colleges and technical institutes were provided by individual institutions. A copy of the survey instructions can be found among the appendices. The State Notes section summarizes additional interpretative information provided for selected states and institutions.

Beginning with 2010-11 and continuing this year, this report presents published tuition and fees amounts as averages both unweighted and weighted by full-time equivalent enrollments. Unlike unweighted averages, which treat each institution equally no matter how big or small it is, enrollment-weighted averages provide a truer estimate of the published price a typical student faces based on enrollment patterns. Appendix E provides more information regarding enrollment weighting.

Key Findings

Unweighted average tuition and fees for resident undergraduates in 2013-14 at public four-year institutions in the WICHE region were \$7,694, an increase over the previous year of \$231 (3.1 percent). After adjusting for inflation, the change in average resident undergraduate tuition in the region was 1.3 percent over 2012-13. Tuition and fees for resident in-district students at public two-year colleges in the WICHE states, excluding California, averaged \$3,424 in 2013-14, an increase of \$106 (3.2 percent), or 1.4 percent after adjusting for inflation.

Non-resident undergraduates at public four-year institutions in the region faced an unweighted average published price of \$19,765 in 2013-14, an increase over the previous year of \$450 (2.3 percent). After adjusting for inflation, the change in average non-resident undergraduate tuition in the region was 0.6 percent over 2012-13. Non-resident students at public two-year colleges in the WICHE states averaged \$7,757 for tuition and fees in 2013-14, an increase of \$134 (1.8 percent, and a negligible percent increase after adjusting for inflation).

Tuition and fees for resident graduates in 2013-14 at public four-year institutions averaged \$9,303, an increase over the previous year of \$278 (3.1 percent). After adjusting for inflation, the change in average resident graduate tuition in the region was 1.3 percent over the 2012-13 school year. Unweighted average tuition and fees for non-resident graduate students in 2013-14 at public four-year institutions in the region were \$20,652, an increase over the previous year of \$498 (2.5 percent). After adjusting for

inflation, the change in average non-resident graduate tuition in the region was 0.7 percent over 2012-13.

Overall, the average percent change in resident and non-resident tuition and fees for four-year institutions were higher when tuition and fees were weighted by enrollment. The inverse was found for the average percent change in enrollment-weighted resident tuition and fees for two-year institutions.

STATE NOTES

Two-Year Institutions

Four-Year Institutions

ALASKA

Prince William Sound Community College charges the same tuition and fees for residents and non-residents, \$146 per lower division credit hour and \$204 per upper division credit hour. The figures reported for this publication assume a course load of 30 credit hours for two semesters.

In 2013-14, Alaska resident students are charged \$168 per credit hour for lower division credits, \$204 per upper division credits, and \$391 per credit for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.

Only for University of Alaska Fairbanks, all undergraduate and graduate students taking nine or more credits, all students living in university housing, and all students paying the Health Center fee must be covered by a health insurance plan. The student health insurance fee in 2013-14 is \$2,087 per year or \$761 for fall semester, \$754 for spring semester, and \$572 for summer semester. However students who are covered by an alternative health insurance plan may waive the student health insurance plan.

In 2013-14 nonresident students pay a surcharge of \$432/408 per undergraduate/graduate credit hour. Therefore, they are charged \$600 per credit hour for lower division credits, \$636 for upper division credits, and \$799 per credit hour for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/ graduate for two semesters.

ARIZONA

Cochise County Community College District: All amounts indicated include mandatory registration and technology fees wherever these fees are not broken out separately.

Pima Community College: Differential tuition became effective January 2012 for select courses. Reported figures are base tuition and fees.

Yavapai College: Beginning Fall 2012, a differential pricing model was implemented to eliminate almost all course fees. The tuition differential pricing model is comprised of standard tuition rates, laboratory course rates, career and technical course rates, and market tuition rates for select programs. Full-time resident tuition is based on weighted average of actual enrollment from prior fall term.

Arizona charges additional fees for certain programs: law, pharmacy, nursing, engineering, selected master's degree programs and undergraduate degree programs at Arizona State University and the University of Arizona.

Rates shown for undergraduate resident students at Arizona State University (all campuses) and Northern Arizona University are for new students starting Fall 2012; different rates apply to existing students. Northern Arizona University new undergraduate (resident and nonresident) student rates reflect a Block Tuition Program that keep base tuition rates unchanged (for each cohort) for 4 years.

CALIFORNIA

A student who is a resident of another state is charged an out-of-state or nonresident fee per unit. The fee is set by each community college district and is in addition to the statewide per unit enrollment fee.

A student who is a citizen and resident of a foreign country can be charged an additional nonresident fee per unit strictly for capital outlay expenditures. The fee is set by each community college district but cannot exceed actual expenditures per Full-Time Equivalent (FTE) student in the prior fiscal year and also cannot exceed 50 percent of the regular nonresident fee.

Compton Community College is now a part of El Camino College. They are shown separately here because of a difference in non-resident fees for 2011-12.

2013-14 tuition and fees were imputed with an average two percent

For all California State University and University of California campuses, 2011-12 Tuition rates remain in effect for 2013-14, because the voters of California approved a November 2012 California ballot initiative to increase state taxes. However, there are some changes in campus mandatory fees.

Undergraduate students at the University of California are required to show proof of health insurance, effective Fall 2001. Undergraduate totals do not include waivable health insurance fees as follows: Berkeley: \$2,014; Davis: \$1,764; Irvine: \$1,359; Los Angeles: \$1,801; Merced: \$1,701; Riverside: \$723; San Diego: \$1,452; Santa Barbara: \$2,414; Santa Cruz: \$1,857.

University of California, Merced opened in 2005-06.

The University of California, San Francisco currently only offers graduate programs and, accordingly, has been taken off the list of undergraduate institutions.

2012-13 graduate totals do not include health insurance rates as follows: Berkeley:

Two-Year Institutions

increase for 20 districts for which 2013-14 data were not able to be confirmed by the respondent, based on the state average increase of two percent from 2012-13 across all districts that were confirmed.

Four-Year Institutions

\$2,772, Davis: \$2,994, Irvine: \$2,592, Los Angeles: \$2,638, Merced: \$2,011, Riverside: \$1,857, San Diego: \$2,871, San Francisco: \$3,331, Santa Barbara: \$2,453, Santa Cruz: \$3,156.

California State University nonresident tuition is \$372 per unit at semester campuses and \$248 per unit at quarter campuses. 30 units reported for Full Time Undergraduate, 24 units for Full Time Graduate. Prior to 2010-11 there was a Full Time Maximum of 11,160 which is no longer used.

COLORADO

All Residents, except Aims Community College and Colorado Mountain College: The resident undergraduate tuition amounts for all Colorado institutions do not include the \$1,920 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive an estimated \$64 per credit hour on behalf of state residents who attend their institutions as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/>).

All Community Colleges, except Colorado Mountain College: Higher rates apply to certain fields of study.

Aims Community College and Colorado Mountain College both have local district tax standing. This means that the schools have different tuition structure for "in-district residents", "in-state residents", and "out-of-state" students. The values presented are for "in-district residents."

Effective 2011, Colorado Mountain College began offering a limited selection of four-year degrees.

The resident undergraduate tuition amounts for all Colorado institutions do not include the \$1,920 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive an estimated \$64 per credit hour on behalf of state residents who attend their institutions as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/>).

Effective August 2012, Adams State College is now Adams State University.

Prior to August 2011, Colorado Mesa University was known as Mesa State College. Colorado Mesa University graduate tuition levels are calculated at 18.0 credit hours for a full academic year. Tuition rates for both resident and out of state are for the teacher education programs. Colorado Mesa University began offering a graduate-level business administration program in Fall 1997.

Effective 2010, Metropolitan State University of Denver (formerly Metropolitan State College of Denver) began offering a limited selection of graduate degrees.

University of Colorado and branches: Higher rates apply to certain fields of study.

University of Colorado, Colorado Springs: Upper division undergraduate students pay a higher tuition rate.

University of Northern Colorado graduate tuition levels are calculated at 18.0 credit hours for a full academic year. Tuition rates for both resident and out of state are for the teacher education programs.

Western State College is now Western State Colorado University, effective August 2012. 2013-14 Tuition and fees are those published at <http://admissions.western.edu/financial-aid/tuition-and-fees.html>, since data were not provided for Western State Colorado University.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

The Commonwealth of the Northern Mariana Islands (CNMI) is the first active member from among the U.S. Pacific territories and freely associated states who joined WICHE in December 2012. Data for CNMI's only public institution of higher education, the Northern Marianas College, are being added to these tuition and fees tables as data are available.

While Northern Mariana College's Carnegie Classification is

Two-Year Institutions

Four-Year Institutions

Baccalaureate/ Associates, it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

HAWAII

Community college tuition is charged on a per-credit basis for all enrolled credits effective academic year 2001-02. The amounts reported here are based on 15 enrolled credits per semester (30 per year). The per-credit rate (non-resident) for AY 2013-14 is \$304 for all campuses.

Maui Community College renamed University of Hawai'i Maui College effective February 2010 to reflect the institution's four-year degree offerings. However, UH Maui College will continue to be included with the community colleges for reporting purposes.

Effective AY 2003-04, University of Hawaii, Hilo discontinued its lower division tuition rate. Hilo undergraduate students previously enrolled in AY 2002-03 as classified freshmen or classified sophomores and continuing their enrollment in Fall 2003 as classified freshmen or classified sophomores were grandfathered in at a lower rate (\$1,792 for residents and \$7,408 for non-residents) for AY 2003-04.

MONTANA

Resident tuition levels represent amounts charged to residents of the local district/county supporting the institution.

In 2012, The Board of Regents approved these name changes:

City College at Montana State University-Billings (formerly MSU-Billings, College of Technology)

Great Falls College Montana State University (formerly MSU-Great Falls, College of Technology)

Highlands College of Montana Tech (formerly Montana Tech, College of Technology)

Helena College University of Montana (formerly University of Montana, Helena College of Technology)

Missoula College University of Montana (formerly University of Montana, Missoula College of Technology)

In 2010, The Board of Regents approved an addition of 2-year offerings at Montana State University called Gallatin College.

Undergraduate tuition amounts for Montana State University-Northern, Montana Tech-University of Montana, and University of Montana-Missoula and -Western represent lower division undergraduate costs (i.e., tuition levels for students in their junior and senior years are higher than the amounts listed).

NEVADA

Tuition for College of Southern Nevada, Great Basin College and Western Nevada College is reported for full-time lower-division enrollment only. Select baccalaureate programs are offered.

While Great Basin College's Carnegie Classification is Baccalaureate/ Associates, it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

NORTH DAKOTA

Tuition and fee rates assume a full-time load of 15 credits per semester. Until 2011-12, the 14th and 15th credits were free at Williston State College. The 15th credit was free in 2011-12, and that free credit was eliminated in 2012-13.

Dakota College at Bottineau was formerly Minot State University, Bottineau Campus, until August 1, 2009.

Mayville State University includes \$795 notebook computer fee. A significant change occurred in 2006-07, when non-resident students, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged 1.5 times the resident rate, rather than the previous charge of 2.67 times the resident rate.

Minot State University: A significant change occurred in 2009-10, when non-resident students at Minot State University, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged the resident rate, rather than the previous

Two-Year Institutions

Four-Year Institutions

charge of 2.67 times the resident rate.

Valley City State University includes a \$798 notebook computer fee. Valley City State University undergraduate tuition and fee rates assume a full-time load of 15 credits per semester.

North Dakota State University: The undergraduate and graduate rates that are reflected in the chart are the "basic" rates charged to most students at NDSU. Beginning Fall 2012, under NDSU's new tuition model, the program fees for engineering, nursing, architecture and pharmacy programs will be integrated into differential tuition rates for these programs. These differential tuition rates are not reflected in the data shown.

Enrollment data used for Dickinson State University for Table 3b was provided by survey respondent at North Dakota University System, since enrollment data for this institution were missing from the IPEDS data file used for this table (see Appendix E).

Dickinson State University requested, and the State Board of Higher Education approved, a decrease in the nonresident rate from 267% of the North Dakota resident rate to 150%, for 2012-13.

OREGON

Oregon Coast Community College is accredited through Chemeketa Community College.

District policy for Southwestern Oregon Community College allows a person to obtain residency in the district after residing in the district for 90 or more days.

Tillamook Bay Community College is accredited through Portland Community College.

Non-resident students from Idaho and Washington pay resident tuition at Eastern Oregon University.

Oregon Institute of Technology's (OIT) branch campus at Wilsonville assesses the same tuition but lower fees as OIT main.

Oregon State University is phasing out the undergraduate plateau over the next three years to reflect a consistent per credit hour charge. The prior years' 12 to 16 credit hour plateau structure resulted in some students receiving up to a 25% discount from the standard per credit hour rate. As the plateau is phased out, cost for enrollments in credit levels of 13 and above will result in higher percentage increases than the standard per credit hour rate increase.

Oregon State University's (OSU) branch campus at Bend assesses lower tuition and lower fees than OSU main.

In 2013-14, University of Oregon initiated a new International Undergraduate Student fee of \$200/term to offset the growing costs of providing specialized services to support international students. The fee is intended to support services related to academic support; enrollment services; increased immigration compliance and reporting as required by the federal government (such as SEVIS II); personal and cultural counseling and advising; and accelerated planning and delivery of new programs. 10% of the fee collected will be used to fund fee remissions for international students with financial need.

Western Oregon University (WOU) continues to offer to incoming resident undergraduate freshmen and transfer students a one-time choice between WOU's base tuition rate and the WOU's fixed four year tuition rate (WOU Promise). Students electing the Promise rate option will not be subject to increases for a four year period. Amounts shown in the table represent the WOU base tuition rate.

SOUTH DAKOTA

Western Dakota Technical Institute: Additional required fees may be charged for facility, technology and program costs.

Beginning with Fall 2006 term, the Board of Regents adopted a non-resident rate of 150% of the undergraduate resident rate. All new undergraduate non-residents and new

Two-Year Institutions

Southeast Technical Institute: Prior to 2006-07 (e.g., for 2003-04), full-time status was reported as 12 credits per semester.

Four-Year Institutions

transfers pay this rate except for Minnesota students who pay the approved reciprocity rate.

The non-resident graduate tuition rate was lowered \$100.00 per credit hour beginning with the Summer 2009 term. The reduction in the Non-Resident graduate tuition rate is a result of the re-organization of the Self-Support Tuition rates.

Effective at the end of 2012 spring term, differential State-Support Tuition rate was established for the research institutions: South Dakota School of Mines & Technology, South Dakota State University and the University of South Dakota.

UTAH

Effective July 1, 2010, the College of Eastern Utah became a subsidiary unit of Utah State University as one of USU's Regional Campus sites, and was known as Utah State University-College of Eastern Utah. The name of the institution was change again and as of May 14, 2013 is Utah State University Eastern.

Effective July 1, 2008, Utah Valley State College became Utah Valley University.

The University of Utah charges a slightly lower tuition rate for undergraduate lower division courses than for upper division courses. This applies to both resident and non-resident students. The tuition rate difference is relatively small. In prior years, the average of lower and upper division tuition was submitted; however, starting with 2013-14 the lower division tuition rate amount is being reported.

Utah Valley University began offering graduate degree programs Fall Semester 2008.

Change to: The Utah System of Higher Education (USHE) allows differential tuition rates for 48 separate graduate programs. Graduate tuition and fees reported here are basic tuition and fee rates applicable to graduate programs within the USHE (not an average of the 48 separate graduate programs).

The graduate tuition and fee rates for Southern Utah University, Weber State University, and Utah Valley University are based on the rates of the institutions' Master of Education programs.

Effective February 16, 2013 Dixie State College of Utah became Dixie State University. It is one of three institutions in the West with a Carnegie Classification of Baccalaureate/Associate's Colleges, with an undergraduate instructional program of 'Associates Dominant'. It is listed as a 4-yr institution for the purposes of this report.

WASHINGTON

The rates reflect the official Washington community college nonresident tuition rates. Individual community colleges have the authority to waive all or a portion of the nonresidential differential, and the majority of the colleges do exercise this waiver authority.

Lake Washington Technical College changed its name to Lake Washington Institute of Technology effective July 22, 2011.

Full-time tuition for undergraduates is for 45 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for undergraduates at Washington State University is for 30 semester credit hours.

Full-time tuition for graduates is for 30 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for graduates at Washington State University is for 20 semester credit hours.

Tuition and fee data provided for Washington beginning with and going forward from academic year 2008-09 represent a shift in fee reporting to align Washington tuition and fees with the WICHE methodology. Tuition and fee totals prior to 2008-09 included only S&A and technology fees, whereas beginning in 2008-09 fees include all institutional fees that a majority of full-time students are required to pay in addition to tuition. For more information about adjustments to previous years please contact the Washington State Student Achievement Council.

Data for undergraduates at the University of Washington and Washington State

Two-Year Institutions

Four-Year Institutions

University reflect main campus tuition and fees.

Graduate rates at the University of Washington reflect those for graduate tier I.

WYOMING

In the Wyoming Community College System, credit hours in excess of 12 per semester are provided at no cost to the student.

The reported tuition and fees reflect costs for the Wyoming Community College System and do not include the University of Wyoming.

REVISION NOTES

Two-Year Institutions

Four-Year Institutions

Rev. 12/11/2013

Table 7a Non-Resident tuition and fees state averages were computed incorrectly and were replaced. Change affected only Non-Resident portion of Table 7a.

Appendix K: FTE added for Northern Marianas College.

Rev. 2/2014

2013-14 tuition and fees for Idaho four-year institutions were updated; previous data showed no change from 2012-13. All related tables and state and WICHE averages were updated. Changes results in almost negligible changes, except for Idaho-specific references.

Appendix A

The Carnegie Classification of Institutions of Higher Education, 2010

The Carnegie Classification™ has been the leading framework for recognizing and describing institutional diversity in U.S. higher education for the past four decades. Starting in 1970, the Carnegie Commission on Higher Education developed a classification of colleges and universities to support its program of research and policy analysis. Derived from empirical data on colleges and universities, the Carnegie Classification was originally published in 1973, and subsequently updated in 1976, 1987, 1994, 2000, 2005, and 2010 to reflect changes among colleges and universities. This framework has been widely used in the study of higher education, both as a way to represent and control for institutional differences, and also in the design of research studies to ensure adequate representation of sampled institutions, students, or faculty.

To ensure continuity of the classification framework and to allow comparison across years, the 2010 Classification update retains the same structure of six parallel classifications, initially adopted in 2005. They are as follows: Basic Classification (the traditional Carnegie Classification Framework), Undergraduate and Graduate Instructional Program classifications, Enrollment Profile and Undergraduate Profile classifications, and Size & Setting classification. These classifications provide different lenses through which to view U.S. colleges and universities, offering researchers greater analytic flexibility.

These classifications were updated using the most recent national data available as of 2010, and collectively they depict the most current landscape of U.S. colleges and universities.

Descriptions below were pieced together using the language from the Carnegie Foundations web site. For full descriptions and more detailed information on classification procedures, refer to the Carnegie Foundation's web-based interface, available at : <http://classifications.carnegiefoundation.org/methodology/index.php>.

Doctorate-granting Institutions

Institutions were included in these categories if they awarded at least 20 research doctorates in 2008-09. First professional and Professional doctoral degrees (J.D., M.D., Pharm.D., Aud.D., DNP, etc.) were not counted for the purpose of this criterion. Institutions which granted fewer than 20 research doctorates can be identified by using Custom Listings to intersect categories of the Basic and Graduate Instructional Program classifications. As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Level of research activity Doctorate-granting institutions were assigned to one of three categories based on a measure of research activity. It is important to note that the groups differ solely with respect to level of research activity, not quality or importance.

The analysis examined the following correlates of research activity: research & development (R&D) expenditures in science and engineering; R&D expenditures in non-S&E fields; S&E research staff (postdoctoral appointees and other non-faculty research staff with doctorates); doctoral conferrals in humanities fields, in social science fields, in STEM (science, technology, engineering, and mathematics) fields, and in other fields (e.g., business, education, public policy, social work). These data were statistically combined using principal components analysis to create two indices of research activity reflecting the total variation across these measures (based on the first principal component in each analysis)

Master's Colleges and Universities

Institutions were included in these categories if they awarded at least 50 master's degrees in 2008-09, but fewer than 20 research doctorates (as defined above). Some institutions with smaller master's programs were also included (see below). As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Program size Master's program size was based on the number of master's degrees awarded in 2008-09. Those awarding at least 200 degrees were included among larger programs; those awarding 100–199 were included among medium programs; and those awarding 50–99 were included among smaller programs. The smaller programs group also includes institutions that awarded fewer than 50 master's degrees if (a) their Enrollment Profile classification is Exclusively Graduate/Professional or (b) their Enrollment Profile classification is Majority Graduate/Professional and they awarded more graduate/professional degrees than undergraduate degrees.

Baccalaureate Colleges

Institutions were included in these categories if bachelor's degrees accounted for at least 10 percent of all undergraduate degrees and they awarded fewer than 50 master's degrees (2008-09 degree conferrals). In addition, these categories were limited to institutions that were not identified as Tribal Colleges or as Special Focus Institutions.

Among institutions where bachelor's degrees represented at least half of all undergraduate degrees, those with at least half of bachelor's degree majors in arts and sciences fields were included in the "Arts & Sciences" group, while the remaining institutions were included in the "Diverse Fields" group.

Institutions where bachelor's degrees represented at least 10 percent but less than half of undergraduate degrees were assigned to the Baccalaureate/Associate's category.

Associate's Colleges

Institutions were included if their highest degree conferred was the associate's degree or if bachelor's degrees accounted for less than 10 percent of all undergraduate degrees (according to 2008-09 degree conferrals as reported in [IPEDS](#)). As in previous editions, these categories were limited to institutions that were not eligible to be classified as Tribal Colleges or Special Focus Institutions.

Special Focus Institutions

The special-focus designation was based on the concentration of degrees in a single field or set of related fields, at both the undergraduate and graduate levels. Institutions were determined to have a special focus with concentrations of at least 75 percent of undergraduate and graduate degrees. In some cases the percentage criterion was relaxed if an institution identified a special focus on the College Board's Annual Survey of Colleges, or if an institution's only recognized accreditation was from an accrediting body related to the special focus categories.

Appendix D Procedure for Converting Current Dollars To Constant Dollars

The Higher Education Cost Adjustment (HECA), calculated by SHEEO, was used in Tables 2a and 2b to adjust for the effects of inflation. The base year for the constant dollar conversions was 2013, and the 2013 figure is preliminary at the time of this publication.

The formula for the constant dollar conversion is:

$$TF_{\text{Constant}} = \frac{TF_{\text{Current}}}{(HECA_{\text{Base}}/HECA_{\text{Current}})}$$

For example, the procedure to convert average resident undergraduate tuition in 2008-09 shown in Table 1a, \$5,112 to 2013 constant dollars is as follows:

$$TF_{\text{Constant}} = \frac{5,112}{(91.7/100)},$$

where the HECA value for 2013 is 100 and the HECA value for 2008 is 91.7.

Appendix E Methodology

Since 1980, WICHE has collected tuition and fees data annually from public four-year and two-year institutions in its 15 member states, and beginning with 2013 also from the Commonwealth of the Northern Marianas, the first participant among WICHE's newest member, the U.S. Pacific territories and freely associated states.

The data are generally provided by staff at system offices or at state higher education governing and coordinating board offices; a small number of individual institutions provide their data directly. Each year, respondents are asked to provide current published tuition and fees data for resident and nonresident undergraduate, graduate, and professional students in public four-year colleges and universities, and for resident and nonresident students in public two-year colleges. Data are charged to full-time students attending for the full academic year, except special sessions and summer terms. Respondents were asked to indicate tuition and mandatory fees separately. In addition, they are asked to verify and, if necessary, correct previously reported data. They also provide additional interpretive information about specific circumstances in their states or institutions that is shown in the State Notes.

The 2013 survey was mailed to state governing and coordinating board staff in June 2013. Surveys were returned by October 2013. The survey data were reviewed for possible errors, and problems were discussed with the staff in the appropriate office. This year's breakdown by institutional type used the "Basic Classification" of the 2010 revision to *The Carnegie Classification of Institutions of Higher Education*; more information on the Carnegie classifications is available at <http://classifications.carnegiefoundation.org/index.php>.

This year's edition provides enrollment-weighted averages of tuition and fees in addition to the unweighted averages historically reported. WICHE used the *Fall Enrollment* Survey from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS) to determine full-time equivalents (FTEs) for each public 2-year and 4-year institution in the West. The weighted averages used FTEs by institution as the weights and FTE was calculated as equal to the full-time enrollment plus 1/3 of the part-time enrollment as reported in IPEDS for the applicable year. 2013-14 and 2012-13 enrollment weights are set equal to the 2011-12 FTE since the most recent years' enrollment data were not available before publication.

Appendix F
SURVEY INSTRUCTIONS
Tuition and Required Fees in the West, 2013-14

SECTION 1 – Tuition & Fees for 2013-14

Please provide resident and nonresident tuition amounts for a full-time student in the applicable columns on the survey form for the 2013-14 academic year. NOTE: When completing the survey, please provide amounts for a **full academic year** in the resident and nonresident columns. For each institution, indicate **separately** the tuition and required fees for full-time students for both undergraduate and graduate categories. **If there are differences in tuition and fees for lower division and upper division students, please provide lower division tuition and fees.**

Amounts for 2012-13, 2008-09, and 2003-04 were provided by your office and published in prior editions of *Tuition and Fees in Public Higher Education in the West*. Please verify these numbers for accuracy.

Add any newly established public institutions and indicate name changes for any existing institutions on the survey form.

SECTION 2 - Endnotes

We also ask that you verify the endnotes at the bottom of the survey and include any new endnotes or information on special policies pertaining to tuition and required fees. Please review the endnotes and check the appropriate box on the survey form next to each endnote:

1. If no changes are needed, check the “No Change” box next to the endnote.
2. If changes are needed, mark the “Change” box next to the endnote and make any necessary changes directly on the survey form.
3. To have an endnote deleted and not included in the 2013-14 publication and all subsequent editions, mark the “Delete” box next to the corresponding endnote.
4. Add any new endnotes in the space provided.

SECTION 3 – System or Institution Contact Information

Please complete this section with contact information of the person completing this form.

DEFINITIONS

For the purposes of this survey, the following definitions apply:

- **Tuition** is the total dollar amount paid by a full-time student for a full academic year, usually two semesters, three quarters, or two trimesters.
- **Required fees** include the institutional fees that a majority of full-time students are required to pay in addition to tuition. Costs for books and supplies should **not** be included.
- **Full-time undergraduate** tuition and fee rates should be based on 15 credit hours per semester or equivalent. (Please provide an endnote(s) if this calculation differs from how data have been submitted in previous years.)
- **Full-time graduate** tuition and fee rates should be based on 12 credit hours per semester or equivalent. (Please provide an endnote(s) if this calculation differs from how data have been submitted in previous years.)
