Western Interstate Commission for Higher Education

The Western Interstate Commission for Higher Education (WICHE) is a federal compact of the 15 Western states and U.S. Pacific territories and freely associated states established to promote and facilitate resource sharing, collaboration, and cooperative planning. WICHE's mission is to expand educational access and excellence for all citizens of the West. Members are:

Alaska	Montana	Utah
Arizona	Nevada	Washington
California	New Mexico	Wyoming
Colorado	North Dakota	U.S. Pacific Territories
Hawai'i	Oregon	and Freely Associated
Idaho	South Dakota	States

WICHE's broad objectives are to:

- Strengthen educational opportunities for students through expanded access to programs.
- Assist policymakers in dealing with higher education and human resource issues through research and analysis.
- Foster cooperative planning, especially that which targets the sharing of resources.

This publication was prepared by the Policy Analysis and Research Unit, which is involved in the research, analysis, and reporting of information on public policy issues of concern in the WICHE states. To download a copy of this report and other WICHE resources, please visit www.wiche.edu.

ACKNOWLEDGMENTS

Tuition and fees data in this report were provided by staff in state higher education executive or system offices, and in some cases, individual institutions. We express our appreciation to the following individuals and agencies for providing the necessary information.

Alaska

Aly Englert, University of Alaska
Saichi Oba, University of Alaska

Arizona

Gina Carlock, Central Arizona College
Michelle Landis, Cochise County Community College District
Shelly Castaneda, Mohave Community College
Lulut Clow, Maricopa Community Colleges
Diana G. Doucette, Arizona Western College
Timothy Curtis, Eastern Arizona College
Ina Lancaster, Pima County Community College District
Diane Mazmanian, Yavapai College
V. Blaine Hatch, Northland Pioneer College
Gale Tebeau, Arizona Board of Regents
Jami Van Ess, Coconino Community College

California

Jerry Willard, California State University Office of the Chancellor
Richard Michaelson, University of California Office of the President
Michael Yarber, California Community Colleges Chancellor's Office

Colorado

Katie Wagon, Colorado Department of Higher Education

Comm. of the Northern Marianas

Lisa Hacskaylo, Northern Marianas College

Guam

Deborah D. Leon Guerrero, University of Guam
Anjelica Claire Perez, Guam Community College

Hawaii

Sanford Beppu, University of Hawaii System Institutional Research and Analysis Office

Idaho

Lee Stimpson, Eastern Idaho Technical College
Chris Bragg, College of Southern Idaho
Diana Plum, North Idaho College
Scott Christie, Idaho State Board of Education

Montana

Tyler Trevor, Montana University System

Nevada

Renee Davis, Nevada System of Higher Education

New Mexico

David Sandoval, New Mexico Higher Education Department

North Dakota

David Krebsbach, North Dakota University System

Oregon

Vern Mayfield, Oregon Higher Education Coordinating Commission
Paul Schroeder, Oregon Higher Education Coordinating Commission

South Dakota

Mary Ellen Garrett, South Dakota Board of Regents
Brian Watland, Western Dakota Technical Institute
Jared Hofer, Mitchell Technical Institute
Jim Rokusek, Southeast Technical Institute
Marlene Seeklander, Lake Area Technical Institute

Utah

Christine House, Utah System of Higher Education

Washington

Brian Myhre, State Board for Community and Technical Colleges
Marc Webster, Washington Student Achievement Council

Wyoming

Nicole Anderson, Wyoming Community College Commission
Suzie Waggoner, University of Wyoming

Key Takeaways

Tuition and Fees in Public Higher Education in the West: 2017-18 provides comprehensive data about the tuition and fee prices published by the public higher education institutions in the WICHE region for 2017-18, including changes over the past one-, five- and 10-year periods. For the first time, this annual series also displays the one-, five-, and 10-year trends of mandatory student fees separate from total tuition and fees.

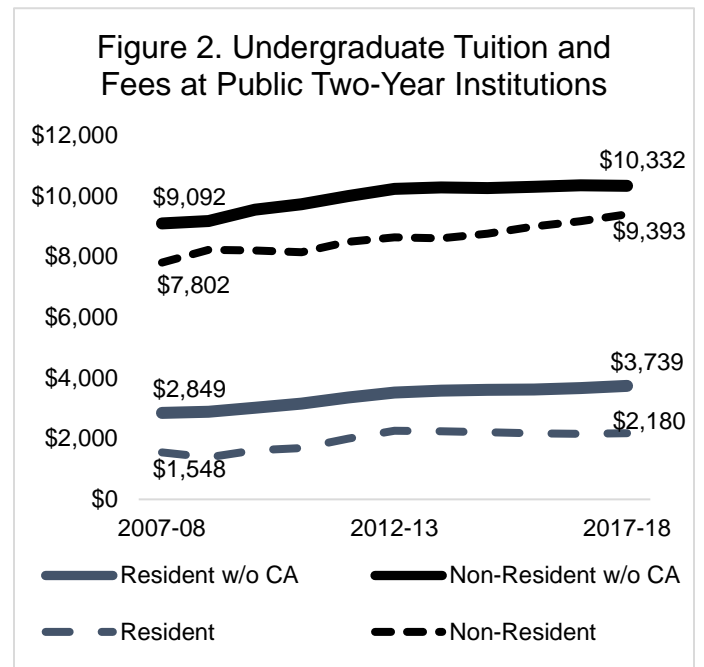

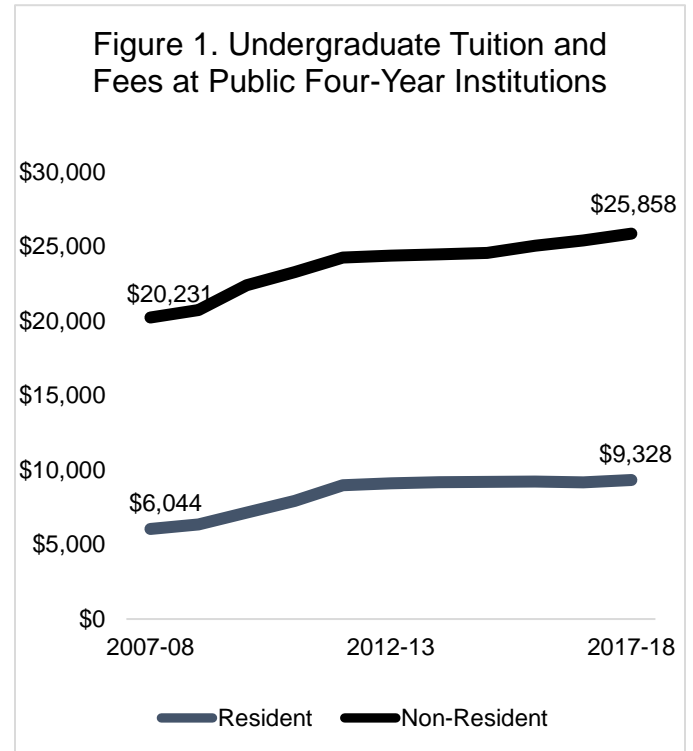

During the decade encompassed by this report, 2007-08 to 2017-18, tuition and fees at public two-year institutions (without California) and four-year institutions increased 31.2 percent and 54.3 percent, respectively when adjusted for inflation (Figures 1 and 2).¹ The largest cumulative change in tuition and fees occurred between 2007-08 and 2011-12, when year-over-year increases were considerably higher than the rates of increase between 2012-13 and 2017-18. This year's annual increases are more substantial than the more recent five-year's rates of increase for the WICHE region and may suggest a resumption of the previous trend. A forthcoming *WICHE Insights* report in Spring 2018 will examine the tuition and fees trends in light of state higher education funding and student aid, and policy implications related to these trends.

Tuition and Fees

The average enrollment-weighted tuition and fees for resident undergraduates at public four-year institutions in the region were \$9,328 in 2017-18, an increase of \$358 (4.0 percent) from 2016-17.² The average tuition and fees for non-resident undergraduates at public four-year institutions averaged \$25,858 and increased by \$1,015 (4.1 percent) compared to the 2016-17 rate.

The average weighted tuition and fees for resident, in-district students at public two-year institutions in the region (without California) was \$3,739, in 2017-18. This was a one-year increase of \$155 (4.3 percent) compared to 2016-17. Out-of-district tuition and fees at public two-year colleges in the region (without California) averaged \$10,332 in 2017-18, an increase of \$210 (2.1 percent) from 2016-17.

Tuition and fees for resident graduate students in 2017-18 at public four-year institutions averaged \$11,579, an increase of \$334 (3.0 percent) compared to 2016-17. Non-resident tuition and fees for graduate students were \$25,554, which was an increase of \$630 (2.2 percent) from 2016-17.

Student Fees

For the first time, WICHE calculated average mandatory fees for each institution, state and the region. In addition, one-, five-, and 10-year fees rates are displayed, as well as what percent of total tuition and fees they represent.³ On average, fees for resident undergraduates at public four-year institutions in the WICHE region decreased by \$479 in the ten years since 2007-08, and from 38.1 percent to 15.2 percent of total tuition and fees. Meanwhile, average fees for resident undergraduates at public two-year institutions increased by \$183 since 2007-08, and remain relatively unchanged as a percent of the total compared to a decade ago, 9.4 percent in 2007-08 and 10.8 percent in 2017-18. There is wide variation across institutions and states in the region in terms of fee rates, fee trends separate from tuition, and fees as a percent of total tuition and fees. WICHE intends to explore student fee trends in more detail in its spring 2018 edition of the Tuition and Fees *WICHE Insights*.

¹ Figures 1 and 2 show the weighted average tuition and fees for resident and non-resident undergraduates. Dollar amounts are converted to constant 2017 dollars using the Higher Education Cost Adjustment (HECA). Information about this calculation is located in Appendix G.

² This report presents published tuition and fees amounts as averages both unweighted and weighted by full-time equivalent enrollments. Unlike unweighted averages, which treat each institution equally no matter how big or small it is, enrollment-weighted averages provide a truer estimate of the published price a typical student faces based on enrollment patterns. Appendix G provides more information regarding enrollment weighting.

³ WICHE asks respondents to report mandatory student fees as the required institutional fees that a majority of lower division full-time students are required to pay in addition to tuition, not including costs for books and supplies. This report does not include fees for graduate students due to wide variability in fees across graduate programs.

STATE NOTES

Two-Year Institutions

Four-Year Institutions

ALASKA

The University of Alaska does not have a separate community college system nor do any of the community campuses hold separate accreditation from the four-year university they are administratively connected to. However, associate degree seeking students can be found at each university and community campus. For 2017-18, an unweighted average tuition rate has been calculated to reflect the \$185/credit rate for associate's seeking students at PWSC and Kodiak and the \$202/credit rate at all other universities and community campuses. Rates included in this report are for tuition only.

In 2017-18, Alaska resident students are charged \$202 per credit hour for lower division credits, \$244 per upper division credits, and \$466 per credit for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.

Effective Fall 2015, student health insurance is no longer a mandatory fee at University of Alaska Fairbanks.

In 2017-18, non-resident students pay a surcharge of \$513 per undergraduate/graduate credit hour. Therefore, they are charged \$715 per credit hour for lower division credits, \$757 for upper division credits, and \$979 per credit hour for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.

ARIZONA

Cochise County Community College District: All amounts indicated include mandatory registration and technology fees wherever these fees are not broken out separately.

Coconino County Community College: 1-year increase of non-resident tuition is 8.5% from \$9,870 in FY16 to \$10,710 in FY17. The reason for the increase is because the technology fee was rolled into tuition and non-resident multiplier is now assessed on total tuition.

Pima Community College: Differential tuition became effective January 2012 for select courses. Reported figures are base tuition and fees.

Yavapai College: Beginning Fall 2012, Yavapai College implemented a differential pricing model to eliminate almost all course fees. The tuition differential pricing model is comprised of standard tuition rates, laboratory course rates, career and technical course rates, and market tuition rates for select programs.

Arizona charges additional fees for certain programs: law, pharmacy, nursing, engineering, master's degree and certificate programs, and selected undergraduate degree programs.

Rates shown for Northern Arizona University and University of Arizona undergraduate (resident and non-resident) are new student rates and reflect a Fixed Tuition Program that keep base tuition rates unchanged for 8 semesters.

Arizona State University fees in 2017-18 for resident students (undergraduate and graduate) include a one-time tuition surcharge of \$270.

This year's report provides institutional level tuition and fee rates and enrollments for all Arizona State University campuses.

CALIFORNIA

2017-18 resident fees were computed by WICHE using the \$46 per-unit fee published at www.californiacommunitycolleges.cccco.edu/PolicyInAction/KeyFacts.aspx (accessed 20 October 2017).

2017-18 non-resident tuition and fees were computed and provided by the system respondent, and the per-unit Enrollment fee was corrected to be \$46/unit, upon confirmation by the respondent.

A student who is a resident of another state is charged an out-of-state or non-resident fee per unit. The fee is set by each community college district and is in addition to the statewide per unit enrollment fee.

For California State University campuses – In 2017-18, tuition rates increased for the first time since 2011-12. Undergraduate tuition increased 4.9%, graduate increased 6.5%, non-resident undergraduates increased 6.0% and non-resident graduates increased 6.5%. Fees at 18 out of 23 campuses increased as well, for a campus average fee increase of 4.9%.

California State University non-resident tuition is \$396 per unit at semester campuses and \$264 per unit at quarter campuses. 30 units reported for Full Time Undergraduate, 24 units for Full Time Graduate. Prior to 2010-11 there was a Full Time Maximum of 11,160 which is no longer used.

Undergraduate students at the University of California are required to show proof of health insurance, effective Fall 2001. Undergraduate totals do not include waivable health insurance fees; 2017-18 health insurance fees were the following: Berkeley: \$2,830; Davis: \$2,259; Irvine: \$1,778; Los Angeles: \$2,177;

Two-Year Institutions

A student who is a citizen and residents of a foreign country can be charged an additional non-resident fee per unit strictly for capital outlay expenditures. The fee is set by each community college district but cannot exceed actual expenditures per Full-Time Equivalent (FTE) student in the prior fiscal year and also cannot exceed 50 percent of the regular non-resident fee.

Compton Community College is now a part of El Camino College. They are shown separately because of differences in non-resident fees in earlier years.

Other fees including a Health Fee (~\$15-20), Student Activities Fee(~\$5-15), Technology Fee (~\$10), or other minor fees may apply and are not represented here.

Four-Year Institutions

Merced: \$2,178; Riverside: \$1,758; San Diego: \$1,953; Santa Barbara: \$3,324; Santa Cruz: \$2,833.

University of California, Merced opened in 2005-06.

The University of California, San Francisco currently only offers graduate programs and, accordingly, does not appear on the list of undergraduate institutions.

Graduate totals do not include health insurance rates; 2017-18 health insurance fees were the following: Berkeley: \$4,462, Davis: \$4,284, Irvine: \$3,932, Los Angeles: \$3,816, Merced: \$2,517, Riverside: \$3,564, San Diego: \$3,573, San Francisco: \$5,029, Santa Barbara: \$3,324, Santa Cruz: \$4,428.

COLORADO

All resident undergraduate students, except at Aims Community College and Colorado Mountain College: The resident undergraduate tuition amounts for all Colorado institutions do not include the \$2,310 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive a stipend per credit hour on behalf of state residents who attend their institutions during the academic year as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/>).

All Community Colleges, except Colorado Mountain College: Higher rates apply to certain fields of study.

Aims Community College and Colorado Mountain College both have local district tax standing. This means that the schools have different tuition structure for "in-district residents," "in-state residents," and "out-of-state" students. The values presented are for "in-district residents." Please note that for FY2017-18 100/200 level course rates increased by 4.8% and 300/400 level course rates increased by 0%.

Effective 2011, Colorado Mountain College began offering a limited selection of four-year degrees. Colorado Mountain College offers bachelor degrees at the following tuition rates: In District: \$124 per credit hour and Out of state: \$465 per credit hour.

2016-17 data was adjusted due to previous reporting errors.

Colorado Mesa University: Prior to August 2011, Colorado Mesa University was known as Mesa State College. Colorado Mesa University graduate tuition levels are calculated at 18.0 credit hours for a full academic year. Tuition rates for both resident and out of state are for the teacher education programs. Colorado Mesa University began offering a graduate-level business administration program in Fall 1997.

Effective 2010, Metropolitan State University of Denver (formerly Metropolitan State College of Denver) began offering a limited selection of graduate degrees.

University of Colorado and branches: Higher rates apply to certain fields of study.

University of Colorado, Colorado Springs: Upper division undergraduate students pay a higher tuition rate.

Western State College is now Western State Colorado University (WSCU), effective August 2012. If comparing to prior editions, note that data for some previous years for WSCU were computed by the respondent at 24 credit hours.

Fort Lewis College: Effective 2014, Fort Lewis College began offering a limited selection of graduate degrees. In 2017-18, the institution decreased non-resident graduate tuition to the rate of resident tuition.

Adams State University has enacted a tuition guarantee for resident undergraduates and CU Boulder has had a tuition guarantee in place for non-resident undergraduates for a number of years and this year enacted a tuition guarantee for resident undergraduates.

2016-17 data was adjusted due to previous reporting errors.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

The Commonwealth of the Northern Mariana Islands (CNMI) is the first active member from among the U.S. Pacific territories and freely associated states who joined WICHE in December 2012.

The Carnegie Classification for CNMI's only public institution of higher education, the Northern Marianas College, is Baccalaureate/ Associates, but

Two-Year Institutions

it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

2016-17 rates were adjusted to account for a reporting error.

Four-Year Institutions

GUAM

Guam is the second active member from the U.S. Pacific territories and freely associated states who joined WICHE in December 2012. This is the first year Guam is included in this report. Historical data reported by Guam Community College was reported as total tuition and fees.

Guam is the second active member from the U.S. Pacific territories and freely associated states who joined WICHE in December 2012. This is the first year Guam is included in this report. Historical data reported by the University of Guam was reported as a total tuition and fee rate.

HAWAII

Community college tuition is charged on a per-credit basis for all enrolled credits effective academic year 2001-02. The amounts reported here are based on 15 enrolled credits per semester (30 per year). The per-credit rates for AY 2017-18 are \$126 (resident) and \$340 (non-resident) for all campuses.

Maui Community College renamed University of Hawai'i Maui College effective February 2010 to reflect the institution's four-year degree offerings. However, UH Maui College will continue to be included with the community colleges for reporting purposes.

IDAHO

Eastern Idaho Technical College: Fees are a best average.

College of Southern Idaho: Prior to 2013-14, 12-15 credits were charged at the 12-credit rate; beginning with 2013-14, there is a straight per credit charge.

North Idaho College: Prior to 2013-14, there was a 12-18 credit hour cap; beginning with 2013-14, there was an additional charge per credit hour above 12 credits.

MONTANA

Resident tuition levels represent amounts charged to residents of the local district/county supporting the institution.

In 2010, The Board of Regents approved an addition of 2-year offerings at Montana State University called Gallatin College.

Undergraduate tuition increases for Montana State University-Northern, Montana Tech-University of Montana, and University of Montana-Missoula and -Western represent increases to lower division rates. Lower division rates were increased to mirror upper division rates. Upper division rates did not increase.

NEVADA

Tuition for College of Southern Nevada, Great Basin College and Western Nevada College is reported for full-time lower-division enrollment only. Select baccalaureate programs are offered.

While Great Basin College's Carnegie Classification is Baccalaureate/Associates, it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

While College of Southern Nevada and Western Nevada College have a Carnegie Classification of Baccalaureate/Associate's: Associate's Dominant,

Two-Year Institutions

Four-Year Institutions

they are reported here as two-year institutions because they primarily award associate degrees and certificates.

NEW MEXICO

Northern New Mexico college is a four-year institution that grants baccalaureate and associate degrees (and certificates as well). When categorizing Northern New Mexico College among other public institutions in New Mexico, Northern New Mexico College is grouped as a Comprehensive University, along with Eastern New Mexico University, Western New Mexico University, and New Mexico Highlands University. It is categorized in this report as a four-year school.

NORTH DAKOTA

Tuition and fee rates assume a full-time load of 15 credits per semester. Until 2011-12, the 14th and 15th credits were free at Williston State College. The 15th credit was free in 2011-12, and that free credit was eliminated in 2012-13.

Dakota College at Bottineau was formerly Minot State University, Bottineau Campus, until August 1, 2009.

While Bismarck State College's Carnegie Classification is Baccalaureate/Associates, it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

Mayville State University eliminated the notebook computer fee in 2016-17 (\$249 in 2015-16 and \$795 prior to 2015-16). A significant change occurred in 2006-07, when non-resident students, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged 1.5 times the resident rate, rather than the previous charge of 2.67 times the resident rate.

Minot State University: A significant change occurred in 2009-10, when non-resident students at Minot State University, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged the resident rate, rather than the previous charge of 2.67 times the resident rate.

Valley City State University includes a \$798 notebook computer fee. Valley City State University undergraduate tuition and fee rates assume a full-time load of 15 credits per semester.

North Dakota State University: The undergraduate and graduate rates that are reflected in the chart are the "basic" rates charged to most students at NDSU. Beginning Fall 2012, under NDSU's new tuition model, the program fees for engineering, nursing, architecture and pharmacy programs will be integrated into differential tuition rates for these programs. These differential tuition rates are not reflected in the data shown.

Dickinson State University: A significant change occurred in 2012-13, when non-resident students at Dickinson State University, excluding Minnesota students covered under the ND/MN reciprocity agreement and students in contiguous states and Canadian provinces, were charged 1.5 times the ND resident rate, rather than the previous charge of 2.67 times the resident rate.

OREGON

Oregon Coast Community College is accredited through Chemeketa Community College.

District policy for Southwestern Oregon Community College allows a person to obtain residency in the district after residing in the district for 90 or more days.

Non-resident students from Idaho and Washington pay resident tuition at Eastern Oregon University.

Oregon Institute of Technology's (OIT) branch campus at Wilsonville assesses the same tuition but lower fees as OIT main.

Oregon State University's (OSU) branch campus at Bend assesses lower tuition for resident undergraduates and lower fees for all students.

Two-Year Institutions

Tillamook Bay Community College is accredited through Portland Community College.

2016-17 rates were adjusted due to a previous reporting error.

Four-Year Institutions

Western Oregon University (WOU) continues to offer to incoming resident undergraduate freshmen and transfer students a one-time choice between WOU's base tuition rate and the WOU's fixed four-year tuition rate (WOU Promise). Students electing the Promise rate option will not be subject to increases for a four-year period. Amounts shown in the table represent the WOU base tuition rate.

SOUTH DAKOTA

Lake Area Technical Institute: Figures are based on 18 credits per semester as that is a more standard/average number of credits per semester for the majority of programs.

Southeast Technical Institute: Prior to 2006-07 (e.g., for 2004-05), full-time status was reported as 12 credits per semester.

Western Dakota Technical Institute: Additional required fees may be charged for facility, technology and program costs.

Mitchell Tech: 2007-08 to 2016-17 data was adjusted due to previous reporting errors.

Non-resident undergraduates pay a rate of 150% of the undergraduate resident rate (adopted by the Board of Regents beginning Fall 2006). All new undergraduate non-residents and new transfers pay this rate except for Minnesota students who pay the approved reciprocity rate.

The non-resident graduate tuition rate was lowered \$100.00 per credit hour beginning with the Summer 2009 term.

Since the end of 2012 spring term, differential State-Support Tuition rates apply for the research institutions: South Dakota School of Mines & Technology, South Dakota State University and the University of South Dakota.

UTAH

Effective July 1, 2010, the College of Eastern Utah became a subsidiary unit of Utah State University as one of USU's Regional Campus sites, and was known as Utah State University-College of Eastern Utah. The name of the institution was change again and as of May 14, 2013 is Utah State University Eastern.

Effective July 1, 2008, Utah Valley State College became Utah Valley University.

The University of Utah charges a slightly lower tuition rate for undergraduate lower division courses than for upper division courses. This applies to both resident and non-resident students. The tuition rate difference is relatively small. In prior years, the average of lower and upper division tuition was submitted; however, starting with 2013-14 the lower division tuition rate amount is being reported.

Utah Valley University began offering graduate degree programs Fall Semester 2008.

The Utah System of Higher Education (USHE) allows differential tuition rates for 51 separate graduate programs. Graduate tuition and fees reported here are basic tuition and fee rates applicable to graduate programs within the USHE (not an average of the 51 separate graduate programs).

The graduate tuition and fee rates for Southern Utah University are based on the rates of the institutions' Master of Education programs.

The graduate tuition and fee rates for Weber State University are based on the rates of the Master's of Criminal Justice and Education.

Effective February 16, 2013 Dixie State College of Utah became Dixie State University. It is one of three institutions in the West with a Carnegie Classification of Baccalaureate/Associate's Colleges, with an undergraduate instructional program of 'Associates Dominant'. It is listed as a 4-yr institution for the purposes of this report.

WASHINGTON

In the state of Washington, "tuition and fees" is a statutorily defined term consisting of an "operating fee" and a "building fee". A reduction in tuition

Washington's 2015-17 operating budget provided for tuition reductions, beginning with a 5 percent reduction of the operating fee the first year of the biennium for all

Two-Year Institutions

fees enacted in 2015 was accompanied by an increase in discretionary funding appropriated by the 2015 Washington State Legislature, based on a policy that assumed there would be no reduction in the amount of funding provided to the community college system.

The non-resident tuition rates shown are the approved non-resident rate for each college. Individual colleges have authority to waive all or a part of the non-resident differential, and the majority of the colleges do exercise this waiver authority.

Lake Washington Technical College changed its name to Lake Washington Institute of Technology effective July 22, 2011.

The names of Seattle's three community colleges changed to North Seattle College, South Seattle College and Seattle Central College effective September 2014.

Three institutions did not report rates in time for publication (Columbia Basin College, Tacoma Community College, and Wenatchee Valley College) in 2016-17, but did report rates for 2017-18. These institutions are excluded from the weighted average of 2016-17.

Four-Year Institutions

colleges and universities and additional reductions in 2016 for the universities. Undergraduate tuition increased for the first time since 2015-16. Tuition is statutorily defined as operating fees plus building fees, and building fees were not reduced so the reductions in tuition for 4-year institutions are less than 5%.

Full-time tuition for undergraduates is for 45 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for undergraduates at Washington State University is for 30 semester credit hours.

Full-time tuition for graduates is for 30 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for graduates at Washington State University is for 20 semester credit hours.

Tuition and fee data provided for Washington beginning with and going forward from academic year 2008-09 represent a shift in fee reporting to align Washington tuition and fees with the WICHE methodology. Tuition and fee totals prior to 2008-09 included only services and activities and technology fees, whereas beginning in 2008-09 fees include all institutional fees that a majority of full-time students are required to pay in addition to tuition. For more information about adjustments to previous years please contact the Washington State Student Achievement Council.

Data for undergraduates at the University of Washington and Washington State University reflect main campus tuition and fees.

Graduate rates at the University of Washington reflect those for graduate tier I.

WYOMING

In the Wyoming Community College System, credit hours in excess of 12 per semester are provided at no cost to the student.

The reported tuition and fees reflect costs for the Wyoming Community College System and do not include the University of Wyoming.

Fees for 2017-18 were provided by the system responded, while the total tuition and fees for 2016-17, reflect those published online by each campus, Changes in the annual tuition and fee rate may therefore reflect actual fee changes or differences in computation method.

*Tuition and fee rates from 2016-17, 2012-13, and 2007-08 may be adjusted to account for previous reporting errors. In some cases, this may account for some year-over-year changes in tuition and fee rates.

Source: Fall Enrollment Survey from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS).

Note: Information about enrollment weights and FTE calculation is located in Appendix G. 2017-18 and 2016-17 enrollment weights are set equal to the 2015-16 FTE in weighted average tables since more recent enrollment data are not available at the time of publication.

Appendix D

The Carnegie Classification of Institutions of Higher Education, 2015

The Carnegie Classification™ has been the leading framework for recognizing and describing institutional diversity in U.S. higher education for the past four decades. Starting in 1970, the Carnegie Commission on Higher Education developed a classification of colleges and universities to support its program of research and policy analysis. Derived from empirical data on colleges and universities, the Carnegie Classification was originally published in 1973, and subsequently updated in 1976, 1987, 1994, 2000, 2005, 2010 and 2015 to reflect changes among colleges and universities. This framework has been widely used in the study of higher education, both as a way to represent and control for institutional differences, and also in the design of research studies to ensure adequate representation of sampled institutions, students, or faculty. In the 2015 Classification update, the Associate's Categories were substantially redefined and the categories of the Research Doctoral Universities changed (but not the calculation methodology).

Descriptions below were pieced together using the language from the Carnegie Foundations web site for the 2015 classification schema. For full descriptions and more detailed information on classification procedures, refer to the Carnegie Classification of Institutions of Higher Education website available at <http://carnegieclassifications.iu.edu>.

Doctorate-granting Institutions

Institutions were included in these categories if they awarded at least 20 research doctorates in 2013-14. Professional practice doctoral degrees (J.D., M.D., Pharm.D., Aud.D., DNP, etc.) were not counted for the purpose of this criterion. Institutions which granted fewer than 20 research doctorates can be identified by using Custom Listings to intersect categories of the Basic and Graduate Instructional Program classifications. As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Level of research activity Doctorate-granting institutions were assigned to one of three categories based on a measure of research activity – highest research activity, higher research activity, and moderate research activity. It is important to note that the groups differ solely with respect to level of research activity, not quality or importance.

The analysis examined the following correlates of research activity: research & development (R&D) expenditures in science and engineering; R&D expenditures in non-S&E fields; S&E research staff (postdoctoral appointees and other non-faculty research staff with doctorates); doctoral conferrals in humanities fields, in social science fields, in STEM (science, technology, engineering, and mathematics) fields, and in other fields (e.g., business, education, public policy, social work). These data were statistically combined using principal components analysis to create two indices of research activity reflecting the total variation across these measures (based on the first principal component in each analysis)

Master's Colleges and Universities

Institutions were included in these categories if they awarded at least 50 master's degrees in 2013-14, but fewer than 20 research doctorates (as defined above). Some institutions with smaller master's programs were also included (see below). As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Program size Master's program size was based on the number of master's degrees awarded in 2013-14. Those awarding at least 200 degrees were included among larger programs; those awarding 100–199 were included among medium programs; and those awarding 50–99 were included among smaller programs. The smaller programs group also includes institutions that awarded fewer than 50 master's degrees if (a) their Enrollment Profile classification is Exclusively Graduate/Professional or (b) their Enrollment Profile classification is Majority Graduate/Professional and they awarded more graduate/professional degrees than undergraduate degrees.

Baccalaureate Colleges

Institutions were included in these categories if bachelor's degrees accounted for at least 50 percent of all undergraduate degrees and they awarded fewer than 50 master's degrees (2013-14 degree conferrals). In addition, these categories were limited to institutions that were not identified as Tribal Colleges or as Special Focus Institutions.

Among institutions where bachelor's degrees represented at least half of all undergraduate degrees, those with at least half of bachelor's degree majors in arts and sciences fields were included in the "Arts & Sciences" group, while the remaining institutions were included in the "Diverse Fields" group.

Institutions with at least one baccalaureate program that conferred more than 50 percent of degrees at the associate's level are divided into two Baccalaureate/Associates Colleges categories: Mixed Baccalaureate/Associate's Colleges are those that conferred more than 10% of degrees at the baccalaureate level or higher (fewer than 90% associate's degrees); Associate's Dominant institutions are those that conferred fewer than 10% of degrees at the baccalaureate level or higher (at least 90% associate's degrees). For the purpose of this publication those institutions that have a Carnegie classification of Baccalaureate/Associate's are placed in the category as selected by the institution or state agency.

Associate's Colleges

For institutions that conferred associate's degrees as the highest degree level offering, the 2015 update employed a new classification methodology. First, the institutions were separated according to whether their total awards (associate's degrees and certificates), were primarily in one or a few disciplinary fields. These fields were identified according to the first four digits of the CIP** code. For this publication, Associate's colleges are not further defined by the Carnegie Classifications. For further detail on the Associate's Colleges classification visit: <http://carnegieclassifications.iu.edu/methodology/basic.php>.

Special Focus Institutions

The special-focus designation was based on the concentration of degrees in a single field or set of related fields, at both the undergraduate and graduate levels. Institutions were determined to have a special focus with concentrations of at least 75 percent of undergraduate and graduate degrees. In some cases, the percentage criterion was relaxed if an institution identified a special focus on the College Board's Annual Survey of Colleges, or if an institution's only recognized accreditation was from an accrediting body related to the special focus categories.

Notes: The University of Alaska system does not have a separate community college system nor do any of the community campuses hold separate accreditation from the four-year university they are administratively connected to. However, associate degree seeking students can be found at each university and community campus.

Appendix G

Methodology

Since 1980, WICHE has collected tuition and fees data annually from public four- and two-year institutions in its 15-member states through a survey. In 2012, the U.S. Pacific territories and freely associated states became the 16th member of WICHE so data collection from the Commonwealth of the Northern Marianas began in 2013 and Guam in 2017-18.

The data are generally provided by staff at system offices or at state higher education governing and coordinating board offices; a small number of individual institutions provide their data directly. Each year, respondents are asked to provide current published tuition and fees data for resident and nonresident undergraduate, graduate, and professional students in public four-year colleges and universities, and for resident and nonresident students in public two-year colleges (specific instructions are provided later in this appendix). Data are charged to full-time students attending for the full academic year, except special sessions and summer terms. Respondents were asked to indicate tuition and mandatory fees separately. In addition, they are asked to verify and, if necessary, correct previously reported data. They also provide additional interpretive information about specific circumstances in their states or institutions that is shown in the State Notes.

The 2017 survey was emailed to state and institutional staff in June 2017. Surveys were returned by October 2017. The survey data were reviewed for possible errors, and problems were discussed with the staff in the appropriate office. WICHE used the 2015 "Basic Classifications" of The Carnegie Classification of Institutions of Higher Education for breakdowns by institutional type in this edition of *Tuition and Fees in the West: 2017-18*. More information on the Carnegie classifications is available at <http://carnegieclassifications.iu.edu/>.

Enrollment-Weights

This year's edition provides enrollment-weighted averages of tuition and fees in addition to the unweighted averages historically reported. WICHE used the *Fall Enrollment* Survey from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS) to determine full-time equivalents (FTEs) for each public two-year and four-year institution in the West. The weighted averages used FTEs by institution as the weights and FTE was calculated as equal to the full-time enrollment plus 1/3 of the part-time enrollment as reported in IPEDS for the applicable year. 2017-18 and 2016-17 enrollment weights are set equal to the 2015-16 FTE since the most recent years' enrollment data were not available before publication.

Fees

WICHE calculated average mandatory fees for each institution, state, and the region. In addition, one-, five-, and 10-year fees rates are displayed, as well as what percent of total tuition and fees they represent. For this survey, fees are the required institutional fees that a majority of lower-division full-time students are required to pay in addition to tuition, not including costs for books and supplies. This report does not include fees for graduate students due to wide variability in fees across graduate programs.

Converting Current to Constant Dollars

WICHE calculates constant dollar amounts using the Higher Education Cost Adjustment (HECA), calculated by SHEEO, to adjust for the effects of inflation when observing long-term trends in tuition and fees. For this year's report, historical data was calculated to current 2017 dollars for the WICHE regional averages in Tables 2a and 2b. The 2017 HECA figure is preliminary at the time of publication. The procedure for converting current to constant dollars can be found on the following page.

Procedure for Converting Current Dollars To Constant Dollars

The formula for the constant dollar conversion is:

$$TF_{\text{Constant}} = \frac{TF_{\text{Current}}}{(HECA_{\text{Base}} / HECA_{\text{Current}})}$$

For example, the procedure to convert average resident undergraduate tuition in 2012-13 shown in Table 1a, \$8,279 to 2017 constant dollars is as follows:

$$TF_{\text{Constant}} = \frac{8,279}{(90.94/100)},$$

where the HECA value for 2017 is 100 and the HECA value for 2012 is 90.94

SURVEY INSTRUCTIONS

Tuition and Required Fees in the West, 2017-18

SECTION 1 - Tuition & Fees

Please complete and return this form by August 1, 2017 or as soon as tuition and fee data for 2017-18 are determined. Please also provide your contact information in Section 3. For any questions or issues, please contact: Colleen Falkenstern at WICHE at 303.541.0313 or cfalkenstern@wiche.edu.

For each institution, indicate separately the 2017-18 tuition and required fees amount for full-time undergraduate students (and graduate students, as appropriate). Provide amounts for a full academic year when applicable (definitions are in Section 4 below). Please verify the total of tuition and fees for 2016-17, 2012-13 and 2007-08, which we received in previous years and will publish this year alongside 2017-18 rates to show 1-, 5- and 10-year changes. SECTION 5 below shows changes in percent terms so you can spot check. Add any newly established public institutions or indicate name changes for existing institutions. As necessary, provide or edit endnotes using Endnote numbers in Section 1 and Endnote text in Section 2.

SECTION 2 - Endnotes

Please review the endnotes to be included in this year's publication (if any) and indicate next to each endnote, 'No Change', 'Change' or 'Delete' (by typing in the cell or choosing from the drop-down). Add any new endnotes below the existing endnotes; and indicate the associated endnote number on the data row above.

SECTION 3 - Contact Information for Person Completing the Form

SECTION 4 - Definitions

For the purposes of this survey, the following definitions apply:

- Tuition is the total dollar amount paid by a full-time student for a full academic year, usually two semesters, three quarters, or two trimesters.
- Required fees include the institutional fees that a majority of full-time students are required to pay in addition to tuition. Costs for books and supplies should not be included.
- If there are differences in tuition and fees for lower division and upper division students, please provide lower division tuition and fees.
- Full-time undergraduate tuition and fee rates should be based on 15 credit hours per semester or equivalent. (Please provide an endnote(s) if your calculation differs from how data have been submitted in previous years.)
- Full-time graduate tuition and fee rates should be based on 12 credit hours per semester or equivalent. (Please provide an endnote(s) if your calculation differs from how data have been submitted in previous years.)

SECTION 5 - Definitions

This section shows the percent change over 1-year, 5-years and 10-years in total tuition and fees, based on the data you provided above or in previous years. We provide this so you can review the accuracy of the data in Section 1. We highlight one-year changes of 5% or greater and reductions in tuition and fees from previous years. If something appears incorrect, please check and correct the data in Section 1 and/or provide explanatory notes in Section 2.
