Western Interstate Commission for Higher Education

The Western Interstate Commission for Higher Education (WICHE) is a federal compact of the 15 Western states and U.S. Pacific territories and freely associated states established to promote and facilitate resource sharing, collaboration, and cooperative planning. WICHE's mission is to expand educational access and excellence for all citizens of the West. Members are:

Alaska	Montana	Utah
Arizona	Nevada	Washington
California	New Mexico	Wyoming
Colorado	North Dakota	U.S. Pacific Territories
Hawai'i	Oregon	and Freely Associated
Idaho	South Dakota	States

WICHE's broad objectives are to:

- Strengthen educational opportunities for students through expanded access to programs.
- Assist policymakers in dealing with higher education and human resource issues through research and analysis.
- Foster cooperative planning, especially that which targets the sharing of resources.

This publication was prepared by the Policy Analysis and Research Unit, which is involved in the research, analysis, and reporting of information on public policy issues of concern in the WICHE states. To download a copy of this report and other WICHE resources, please visit <https://www.wiche.edu/pub/tf>.

ACKNOWLEDGMENTS

Tuition and fees data in this report were provided by staff in state higher education executive or system offices, and in some cases, individual institutions. We express our appreciation to the following individuals and agencies for providing the necessary information.

Alaska

Rita Murphy, University of Alaska

Arizona

Sylvia Gibson, Central Arizona College
Debbie Craig, Cochise County Community College District
Shelly Castaneda, Mohave Community College
Lulut Clow, Maricopa Community Colleges
Michelle Landis, Arizona Western College
Timothy Curtis, Eastern Arizona College
Carl Englander, Pima County Community College District
Diane Mazmanian, Yavapai College
Mадiera Ellison, Northland Pioneer College
Gale Tebeau, Arizona Board of Regents
Jami Van Ess, Coconino Community College

California

Jerry Willard, California State University Office of the Chancellor
Richard Michaelson, University of California Office of the President
Michael Yarber, California Community Colleges Chancellor's Office

Colorado

Katie Wagnon, Colorado Department of Higher Education

Comm. of the Northern Marianas

Lisa Hacskaylo, Northern Marianas College

Guam

Deborah D. Leon Guerrero, University of Guam
Anjelica Claire Perez, Guam Community College

Hawaii

Grant Kim, University of Hawaii System Institutional Research and Analysis Office

Idaho

Lee Stimpson, College of Eastern Idaho
Chris Bragg, College of Southern Idaho
Jessica Grantham, North Idaho College
Scott Christie, Idaho State Board of Education

Montana

Tyler Trevor, Montana University System

Nevada

Renee Davis, Nevada System of Higher Education

New Mexico

Debbie Garcia, New Mexico Higher Education Department

North Dakota

David Krebsbach, North Dakota University System

Oregon

Paul Schroeder, Oregon Higher Education Coordinating Commission

South Dakota

Mary Ellen Garrett, South Dakota Board of Regents
Nick Wendell, South Dakota Board of Technical Education
Marlene Seeklander, Lake Area Technical Institute
Jared Hofer, Mitchell Technical Institute
Richard Kluin, Southeast Technical Institute
Brian Watland, Western Dakota Technical Institute

Utah

Christine House, Utah System of Higher Education

Washington

Brian Myhre, State Board for Community and Technical Colleges
Marc Webster, Washington Student Achievement Council

Wyoming

Nicole Anderson, Wyoming Community College Commission
Suzie Waggoner, University of Wyoming

Key Takeaways

Tuition and Fees in Public Higher Education in the West: 2018-19 provides comprehensive data about the tuition and fee prices published by public higher education institutions in the WICHE region for 2018-19, including changes in tuition and fee rates over the past one-, five- and 10-year periods. In addition to total tuition and fees, the report displays the average mandatory fees for each institution, state and the region over the past one-, five-, and 10-years, as well as what percent of total tuition and fees they represent.¹

10-Year Trends

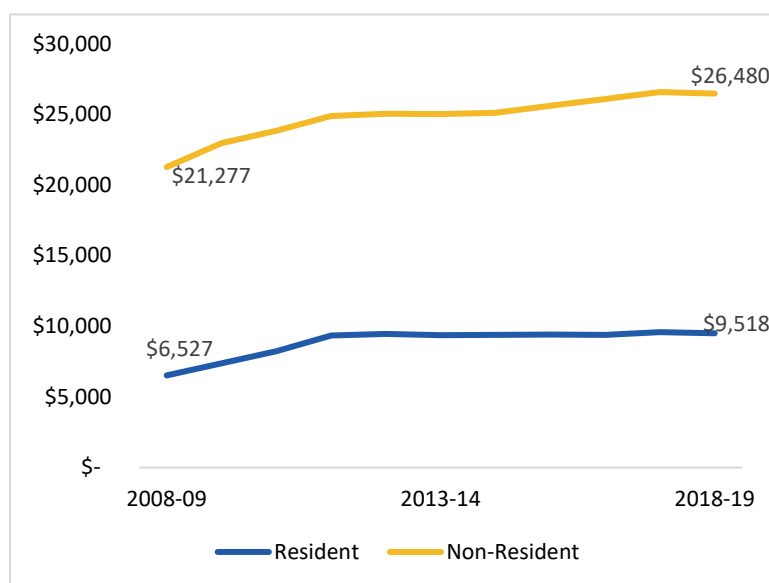

Between 2008-09 and 2018-19, the regional average tuition and fees for resident undergraduates increased 45.8 percent at public four-year institutions and 30.7 percent at public two-year institutions (excluding California) when adjusted for inflation.² The largest cumulative change in tuition and fees occurred during the first half of the past decade, between 2008-09 and 2013-14, when tuition and fees increased 43.6 percent at four-year institutions and 24.0 percent at two-year institutions (without California). The regional average tuition and fees have increased considerably less since 2013-14 - just 1.5 percent at four-year institutions and 5.5 percent at two-year institutions.

Tuition and Fees at Four-Year Institutions

The regional average enrollment-weighted tuition and fees for resident undergraduates at four-year institutions increased \$151 (1.6 percent) from \$9,367 in 2017-18 to \$9,518 in 2018-19 (Figure 1).³ Adjusted for inflation, average tuition and fees decreased \$70 (0.7 percent) from 2017-18 rates. Other key takeaways from published tuition and fees at four-year institutions include:

- Tuition and fees for non-resident undergraduates in the region average \$26,480 in 2018-19 and increased at a slightly higher rate over the past year than resident rates (2.0 percent).
- State average tuition and fees for resident undergraduates range from \$5,400 in Wyoming to \$11,372 in Arizona.
- Average fees for resident undergraduates decreased \$104 since 2008-09, and fees went from representing 31.8 percent of total tuition and fees to 17.0 percent of total tuition and fees over this period.
- Average tuition and fees for resident graduate students in the WICHE region increased \$177 (1.5 percent) from \$11,478 in 2017-18 to \$11,655 in 2018-19.

Figure 1. Undergraduate Tuition and Fees at Public Four-Year Institutions, 2008-09 to 2018-19

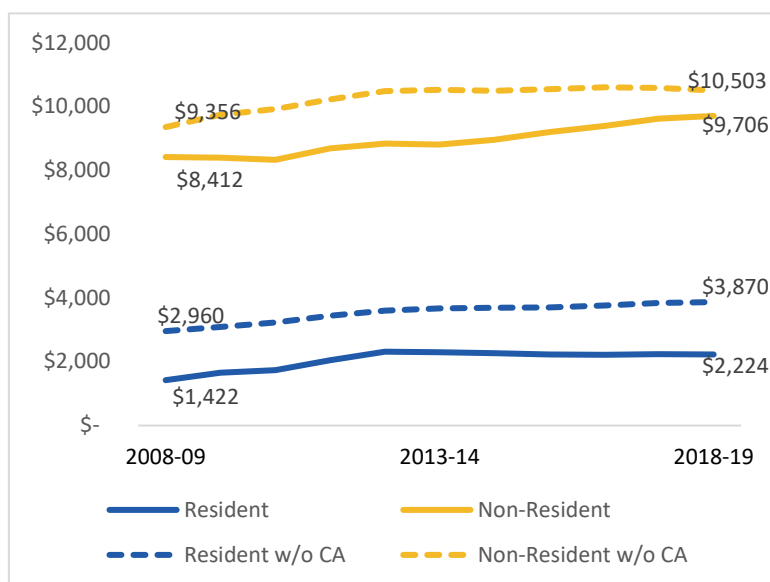

Tuition and Fees at Two-Year Institutions

Average tuition and fees for resident undergraduates at two-year institutions (excluding California) increased \$116 (3.1 percent) from \$3,754 in 2017-18 to \$3,870 in 2018-19 (Figure 2). Adjusted for inflation, tuition and fees increased only \$27 (0.7 percent) from 2017-18. Other key takeaways include:

- When including California, the regional average tuition and fees are \$2,224 in 2018-19, an increase of \$39 (1.8 percent) from 2017-18.
- The tuition and fees for non-residents in the WICHE region (excluding California) increased \$162 (1.6 percent) from \$10,341 in 2017-18 to \$10,503 in 2018-19.
- State average tuition and fees for resident students range from \$1,380 in California to \$7,046 in South Dakota.
- Average fees for resident undergraduates increased \$227 since 2018-19 and as a result increased slightly as a percent of the total, from 8.7 percent in 2008-09 to 11.4 percent in 2018-19.

Figure 2. Undergraduate Tuition and Fees at Public Two-Year Institutions, 2008-09 to 2018-19

A forthcoming *WICHE Insights* report in Spring 2019 will examine the tuition and fees rates included in this report in light of recent trends in state higher education funding and student aid, and policy implications related to these trends. The tuition and fees included in this report can be viewed in an interactive dashboard and downloaded for further analysis at www.wiche.edu/pub/tf.

¹ WICHE asks respondents to report mandatory student fees as the required institutional fees that a majority of lower division full-time students are required to pay in addition to tuition, not including costs for books and supplies. This report does not include fees for graduate students due to wide variability in fees across graduate programs.

² When noted, dollar amounts included in this summary are converted to 2018 dollars using the Higher Education Cost Adjustment (HECA). Information about this calculation is located in Appendix G. Average tuition and fees are shown throughout this summary and the report with and without California. In the two-year sector especially, the large number of two-year colleges combined with their historically low matriculation fee structure distort otherwise regional patterns.

³ This report presents published tuition and fees amounts as averages both unweighted and weighted by full-time equivalent enrollments. Unlike unweighted averages, which treat each institution equally no matter how big or small it is, enrollment-weighted averages provide a truer estimate of the published price a typical student faces based on enrollment patterns. All figures included in this Summary are enrollment-weighted. Appendix G provides more information regarding enrollment weighting.

STATE NOTES

Two-Year Institutions

Four-Year Institutions

ALASKA

The University of Alaska does not have a separate community college system nor do any of the community campuses hold separate accreditation from the four-year university they are administratively connected to. However, associate degree seeking students can be found at each university and community campus. For 2018-19, an unweighted average tuition rate has been calculated to reflect the \$204/credit rate for associate seeking students at Prince William Sound Community College and Kodiak College and the \$212/credit rate at all other universities and community campuses. Fee rates at universities and community campuses are not available and rates included in this report are for tuition only.

In 2018-19, Alaska resident students are charged \$212 per credit hour for lower division credits, \$256 per upper division credits, and \$489 per credit for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.

Effective Fall 2015, student health insurance is no longer a mandatory fee at University of Alaska Fairbanks.

In 2018-19, non-resident students pay a surcharge of \$518 per undergraduate/graduate credit hour. Therefore, they are charged \$730 per credit hour for lower division credits, \$774 for upper division credits, and \$1,007 per credit hour for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.

ARIZONA

Cochise County Community College District: All amounts indicated include mandatory registration and technology fees wherever these fees are not broken out separately.

Pima Community College: Differential tuition became effective January 2012 for select courses. Reported figures are base tuition and fees.

Yavapai College: Does not charge mandatory fees.

Central Arizona College: Does not charge mandatory fees.

Eastern Arizona College: Does not charge mandatory fees.

Maricopa Community College District: 2017-18 and prior rates were adjusted to reflect an annual registration fee that was previously excluded from reporting.

Arizona charges additional fees for certain programs: law, pharmacy, nursing, engineering, master's degree and certificate programs, and selected undergraduate degree programs.

Rates shown for Northern Arizona University and University of Arizona undergraduate (resident and non-resident) are new student rates and reflect a Fixed Tuition Program that keep base tuition rates (and mandatory fee rates at the University of Arizona) unchanged for 8 semesters.

Arizona State University fees in 2018-19 for resident students (undergraduate and graduate) include a one-time tuition surcharge of \$270.

Northern Arizona University and University of Arizona undergraduate and graduate rates reflect only those at the main campus.

CALIFORNIA

2018-19 resident fees were computed by WICHE using the \$46 per-unit fee published at www.californiacommunitycolleges.cccco.edu/PolicyInAction/KeyFacts.aspx (accessed 20 August 2018).

2018-19 non-resident tuition and fees are reported as posted at <http://extranet.cccco.edu/Divisions/FinanceFacilities/FiscalStandardsandAccountabilityUnit/FiscalStandards/NonresidentTuitionFee.aspx>, except for the non-resident tuition for De Anza College, Foothill College, and Lake Tahoe Community College. WICHE recomputed these because the rates for these quarter-basis institutions (\$31/credit) appeared to be computed as semester basis (\$46/credit) in the provided data, a difference of \$675 for the academic year.

California State University campuses: fees at 21 out of 23 campuses increased during 2018-19, for a campus average fee increase of 5.4%.

California State University non-resident tuition is \$396 per unit at semester campuses and \$264 per unit at quarter campuses. 30 units reported for Full Time Undergraduate, 24 units for Full Time Graduate. Prior to 2010-11 there was a Full Time Maximum of 11,160 which is no longer used.

Undergraduate students at the University of California are required to show proof of health insurance, effective Fall 2001. Undergraduate totals do not include waivable health insurance fees; 2018-19 health insurance fees were the following: Berkeley: \$2,994; Davis: \$2,286; Irvine: \$1,751; Los Angeles: \$2,226; Merced: \$2,248; Riverside: \$1,774; San Diego: \$1,971; Santa Barbara: \$3,360; Santa Cruz: \$2,796.

Two-Year Institutions

2018-19 rates were not available for the City College of San Francisco (San Francisco district).

A student who is a resident of another state is charged an out-of-state or non-resident fee per unit. The fee is set by each community college district and is in addition to the statewide per unit enrollment fee. A student who is a citizen and residents of a foreign country can be charged an additional non-resident fee per unit strictly for capital outlay expenditures. The fee is set by each community college district but cannot exceed actual expenditures per Full-Time Equivalent (FTE) student in the prior fiscal year and also cannot exceed 50 percent of the regular non-resident fee.

Compton Community College is now a part of El Camino College. They are shown separately because of differences in non-resident fees in earlier years.

Other fees including a Health Fee (~\$15-20), Student Activities Fee(~\$5-15), Technology Fee (~\$10), or other minor fees may apply and are not represented here.

Four-Year Institutions

University of California, Merced opened in 2005-06.

The University of California, San Francisco currently only offers graduate programs and, accordingly, does not appear on the list of undergraduate institutions.

Graduate totals do not include health insurance rates; 2018-19 health insurance fees were the following: Berkeley: \$4,746; Davis: \$4,350; Irvine: \$4,042; Los Angeles: \$3,902; Merced: \$2,757; Riverside: \$3,602; San Diego: \$3,609; San Francisco: \$5,060; Santa Barbara: \$3,360; Santa Cruz: \$4,479.

COLORADO

All resident undergraduate students, except at Aims Community College and Colorado Mountain College: The resident undergraduate tuition amounts for all Colorado institutions do not include the \$2,310 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive a stipend per credit hour on behalf of state residents who attend their institutions during the academic year as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/>).

All Community Colleges, except Colorado Mountain College: Higher rates apply to certain fields of study.

Aims Community College and Colorado Mountain College both have local district tax standing. This means that the schools have different tuition structure for "in-district residents," "in-state residents," and "out-of-state" students. The values presented are for "in-district residents." Please note that for FY2017-18 100/200 level course rates increased by 4.8% and 300/400 level course rates increased by 0%.

Effective 2011, Colorado Mountain College began offering a limited selection of four-year degrees. Effective 2018, Colorado Mountain College merged their bachelor degree tuition rates to match their associate degrees. In District: \$80 per credit hour and Out of state: \$453 per credit hour.

Colorado Mesa University: Prior to August 2011, Colorado Mesa University was known as Mesa State College. Colorado Mesa University graduate tuition levels are calculated at 18.0 credit hours for a full academic year. Tuition rates for both resident and out of state are for the teacher education programs. Colorado Mesa University began offering a graduate-level business administration program in Fall 1997.

Effective 2010, Metropolitan State University of Denver (formerly Metropolitan State College of Denver) began offering a limited selection of graduate degrees. 2017-18 and 2018-19 rates reflect an average rate of all graduate programs.

University of Colorado and branches: Higher rates apply to certain fields of study.

University of Colorado, Colorado Springs: Upper division undergraduate students pay a higher tuition rate.

Western State College is now Western State Colorado University (WSCU), effective August 2012. If comparing to prior editions, note that data for some previous years for WSCU were computed by the respondent at 24 credit hours.

Fort Lewis College: Effective 2014, Fort Lewis College began offering a limited selection of graduate degrees. In 2017-18, the institution decreased non-resident graduate tuition to the rate of resident tuition.

Adams State University has enacted a tuition guarantee for resident undergraduates and CU Boulder has had a tuition guarantee in place for non-resident undergraduates for a number of years and this year enacted a tuition guarantee for resident undergraduates.

In 2018-19 Adams State University reduced the non-resident graduate rate to be the same rate as the online graduate rate.

Previous years' rates have been updated to reflect reporting errors.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

The Commonwealth of the Northern Mariana Islands (CNMI) is the first active member from among the U.S. Pacific territories and freely associated states who joined WICHE in December 2012.

The Carnegie Classification for CNMI's only public institution of higher education, the Northern Marianas College, is Baccalaureate/ Associates, but it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

GUAM

Guam is the second active member from the U.S. Pacific territories and freely associated states who joined WICHE in December 2012. This is the first year Guam is included in this report. Historical data reported by Guam Community College was reported as total tuition and fees.

Guam is the second active member from the U.S. Pacific territories and freely associated states who joined WICHE in December 2012. This is the first year Guam is included in this report. Data prior to 2017-18 was reported by the University of Guam was reported as a total tuition and fee rate.

HAWAII

Community college tuition is charged on a per-credit basis for all enrolled credits effective academic year 2001-02. The amounts reported here are based on 15 enrolled credits per semester (30 per year). The per-credit rates for AY 2018-19 are \$128.50 (resident) and \$342.50 (non-resident) for all campuses.

Maui Community College renamed University of Hawai'i Maui College effective February 2010 to reflect its four-year degree offerings. However, UH Maui College will continue to be included with the community colleges for reporting purposes.

IDAHO

College of Eastern (CEI) Idaho was previously named Eastern Idaho Technical College (EITC). Prior to AY 2018-19, CEI used a plateau tuition model where 12 or more credits was the same cost. Starting AY 2018-19, CEI implemented a per credit tuition model with \$129 per credit for in-state undergraduate students. 2018-19 increase in in-state tuition represents a shift in tuition policy, while the per credit cost is low, a student is charged for every credit, it no longer plateaus like the previously used model.

College of Southern Idaho: Prior to 2013-14, 12-15 credits were charged at the 12-credit rate; beginning with 2013-14, there is a straight per credit charge.

North Idaho College: Prior to 2013-14, there was a 12-18 credit hour cap; beginning with 2013-14, there was an additional charge per credit hour above 12 credits.

Two-Year Institutions

Four-Year Institutions

MONTANA

Resident tuition levels represent amounts charged to residents of the local district/county supporting the institution.

NEVADA

Tuition for College of Southern Nevada, Great Basin College and Western Nevada College is reported for full-time lower-division enrollment only. Select baccalaureate programs are offered.

While College of Southern Nevada, Great Basin College and Western Nevada College all have a Carnegie Classification of Baccalaureate/Associate's, they are reported here as two-year institutions because they primarily award associate degrees and certificates.

Nevada State College is included in resident and non-resident graduate tuition and fee rates for the first time in 2018-19.

NEW MEXICO

Northern New Mexico college is a four-year institution that grants baccalaureate and associate degrees (and certificates as well). When categorizing Northern New Mexico College among other public institutions in New Mexico, Northern New Mexico College is grouped as a Comprehensive University, along with Eastern New Mexico University, Western New Mexico University, and New Mexico Highlands University. It is categorized in this report as a four-year school.

NORTH DAKOTA

Williston State College: Tuition and fee rates assume a full-time load of 15 credits per semester. Until 2011-12, the 14th and 15th credits were free at. The 15th credit was free in 2011-12, and that free credit was eliminated in 2012-13.

Dakota College at Bottineau was formerly Minot State University, Bottineau Campus, until August 1, 2009.

While the Carnegie Classification for Bismarck State College is Baccalaureate/Associates, it is reported here as a two-year institution because its undergraduate instructional program is primarily Associates.

Bismarck State College: Beginning Fall 2018 changed to a new tuition model with differential program tuition rates eliminating all program fees and most course fees. This tuition model change includes a decrease in the nonresident tuition rate from a resident tuition rate factor of 2.67 to 1.5 and established an international tuition rate using a resident tuition rate factor of 1.75.

Mayville State University eliminated the notebook computer fee in 2016-17 (\$249 in 2015-16 and \$795 prior to 2015-16). A significant change occurred in 2006-07, when non-resident students, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged 1.5 times the resident rate, rather than the previous charge of 2.67 times the resident rate.

Minot State University: A significant change occurred in 2009-10, when non-resident students at Minot State University, excluding Minnesota students covered under the ND/MN reciprocity agreement, were charged the resident rate, rather than the previous charge of 2.67 times the resident rate.

Valley City State University includes a \$798 notebook computer fee. Valley City State University undergraduate tuition and fee rates assume a full-time load of 15 credits per semester.

North Dakota State University: The undergraduate and graduate rates that are reflected in the chart are the basic rates charged to most students at NDSU. Beginning Fall 2012, under the new NDSU tuition model, the program fees for engineering, nursing, architecture and pharmacy programs were integrated into differential tuition rates for these programs. These differential tuition rates are not reflected in the data shown. Beginning Fall 2018 NDSU changed to a new tuition model eliminating all program fees and most course fees. The new tuition model also reduced the nonresident tuition rate from a resident tuition factor of 1.5 to 1.2 and reduced the International tuition rate from a resident tuition factor of 2.67 to 1.75.

Dickinson State University: A significant change occurred in 2012-13, when non-resident students at Dickinson State University, excluding Minnesota students

Two-Year Institutions

Four-Year Institutions

OREGON

Oregon Coast Community College is accredited through Chemeketa Community College.

District policy for Southwestern Oregon Community College allows a person to obtain residency in the district after residing in the district for 90 or more days.

Tillamook Bay Community College is accredited through Portland Community College.

covered under the ND/MN reciprocity agreement and students in contiguous states and Canadian provinces, were charged 1.5 times the ND resident rate, rather than the previous charge of 2.67 times the resident rate.

Non-resident students from Idaho and Washington pay resident tuition at Eastern Oregon University.

Oregon Institute of Technology's (OIT) branch campus at Wilsonville assesses the same tuition but lower fees as OIT main.

Oregon State University's (OSU) branch campus at Bend assesses lower tuition for resident undergraduates and lower fees for all students.

Western Oregon University (WOU) continues to offer to incoming resident undergraduate freshmen and transfer students a one-time choice between WOU's base tuition rate and the WOU's fixed four-year tuition rate (WOU Promise). Students electing the Promise rate option will not be subject to increases for a four-year period. Amounts shown in the table represent the WOU base tuition rate.

SOUTH DAKOTA

Lake Area Technical Institute: 2018-19 rates are based on 15 credits. Previous years are based on 18 credits.

Southeast Technical Institute: Prior to 2006-07 (e.g., for 2004-05), full-time status was reported as 12 credits per semester.

Western Dakota Technical Institute: Additional required fees may be charged for facility, technology and program costs.

Mitchell Tech: 2007-08 to 2016-17 data was adjusted due to previous reporting errors.

Starting in FY 2017 the on-campus tuition rates included the university support fee.

Non-resident undergraduates pay a rate of 150% of the undergraduate resident rate (adopted by the Board of Regents beginning Fall 2006). All new undergraduate non-residents and new transfers pay this rate except for Minnesota students who pay the approved reciprocity rate.

The non-resident graduate tuition rate was lowered \$100.00 per credit hour beginning with the Summer 2009 term.

Since the end of 2012 spring term, differential State-Support Tuition rates apply for the research institutions: South Dakota School of Mines & Technology, South Dakota State University and the University of South Dakota.

UTAH

Effective July 1, 2010, the College of Eastern Utah became a subsidiary unit of Utah State University as a Regional Campus site and was known as Utah State University-College of Eastern Utah. The name of the institution was change again and as of May 14, 2013 is Utah State University Eastern.

Effective July 1, 2008, Utah Valley State College became Utah Valley University.

The University of Utah charges a slightly lower tuition rate for undergraduate lower division courses than for upper division courses. This applies to both resident and non-resident students. The tuition rate difference is relatively small. In prior years, the average of lower and upper division tuition was submitted; however, starting with 2013-14 the lower division tuition rate amount is being reported.

Utah Valley University began offering graduate degree programs Fall Semester 2008.

The Utah System of Higher Education (USHE) allows differential tuition rates for 51 separate graduate programs. Graduate tuition and fees reported here are basic tuition and fee rates applicable to graduate programs within the USHE (not an average of the 51 separate graduate programs).

Two-Year Institutions

Four-Year Institutions

The graduate tuition and fee rates for Southern Utah University are based on the rates of its Master of Education programs.

The graduate tuition and fee rates for Weber State University are based on the rates of its Master of Criminal Justice and Education.

Effective February 16, 2013 Dixie State College of Utah became Dixie State University. It is one of three institutions in the West with a Carnegie Classification of Baccalaureate/Associate Colleges, with an undergraduate instructional program of Associates Dominant. It is listed as a 4-yr institution for the purposes of this report.

WASHINGTON

In the state of Washington, "tuition and fees" is a statutorily defined term consisting of an "operating fee" and a "building fee". A reduction in tuition fees enacted in 2015 was accompanied by an increase in discretionary funding appropriated by the 2015 Washington State Legislature, based on a policy that assumed there would be no reduction in the amount of funding provided to the community college system.

The non-resident tuition rates shown are the approved non-resident rate for each college. Individual colleges have authority to waive all or a part of the non-resident differential, and the majority of the colleges do exercise this waiver authority.

Lake Washington Technical College changed its name to Lake Washington Institute of Technology effective July 22, 2011.

The names of Seattle's three community colleges changed to North Seattle College, South Seattle College and Seattle Central College effective September 2014.

Washington's 2015-17 operating budget provided for tuition reductions, beginning with a 5 percent reduction of the operating fee the first year of the biennium for all colleges and universities and additional reductions in 2016 for the universities. Undergraduate tuition increased for the first time since 2015-16. Tuition is statutorily defined as operating fees plus building fees, and building fees were not reduced so the reductions in tuition for 4-year institutions are less than 5%.

Full-time tuition for undergraduates is for 45 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for undergraduates at Washington State University is for 30 semester credit hours.

Full-time tuition for graduates is for 30 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for graduates at Washington State University is for 20 semester credit hours.

Tuition and fee data provided for Washington beginning with and going forward from academic year 2008-09 represent a shift in fee reporting to align Washington tuition and fees with the WICHE methodology. Tuition and fee totals prior to 2008-09 included only services and activities and technology fees, whereas beginning in 2008-09 fees include all institutional fees that a majority of full-time students are required to pay in addition to tuition. For more information about adjustments to previous years please contact the Washington State Student Achievement Council.

Data for undergraduates at the University of Washington and Washington State University reflect main campus tuition and fees.

Graduate rates at the University of Washington reflect those for graduate tier I.

WYOMING

In the Wyoming Community College System, credit hours in excess of 12 per semester are provided at no cost to the student.

The reported tuition and fees reflect costs for the Wyoming Community College System and do not include the University of Wyoming.

Fees for 2017-18 were provided by the system, while the total tuition and fees for 2016-17, reflect those published online by each campus, Changes in

Two-Year Institutions

Four-Year Institutions

the annual tuition and fee rate may therefore reflect actual fee changes or differences in computation method.

Fee structures changed for 2018-2019 for several community colleges to reflect a per credit hour fee rather than a user fee, and some colleges do not cap fees at 12 CH like tuition, but charge fees for a cap of 15 CH or higher

*Selected prior year tuition and fees rates may be adjusted, which may account for some year-over-year percent changes.

Source: Fall Enrollment Survey from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS).

Note: Information about enrollment weights and FTE calculation is located in Appendix G. 2018-19 and 2017-18 enrollment weights are set equal to the 2016-17 FTE in weighted average tables since more recent enrollment data are not available at the time of publication. Institutions with a FTE count of '--' means that enrollment counts were not available for that year and therefore the institution was not weighted by enrollment in state and regional enrollment-weighted averages.

Source: Fall Enrollment Survey from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS).

Note: Information about enrollment weights and FTE calculation is located in Appendix G. 2018-19 and 2017-18 enrollment weights are set equal to the 2016-17 FTE in weighted average tables since more recent enrollment data are not available at the time of publication. Institutions with a FTE count of '--' means that enrollment counts were not available for that year and therefore the institution was not weighted by enrollment in state and regional enrollment-weighted averages.

Appendix D

The Carnegie Classification of Institutions of Higher Education, 2015

The Carnegie Classification™ has been the leading framework for recognizing and describing institutional diversity in U.S. higher education for the past four decades. Starting in 1970, the Carnegie Commission on Higher Education developed a classification of colleges and universities to support its program of research and policy analysis. Derived from empirical data on colleges and universities, the Carnegie Classification was originally published in 1973, and subsequently updated in 1976, 1987, 1994, 2000, 2005, 2010 and 2015 to reflect changes among colleges and universities. This framework has been widely used in the study of higher education, both as a way to represent and control for institutional differences, and also in the design of research studies to ensure adequate representation of sampled institutions, students, or faculty. In the 2015 Classification update, the Associate's Categories were substantially redefined and the categories of the Research Doctoral Universities changed (but not the calculation methodology).

Descriptions below were constructed using the language from the Carnegie Foundations web site for the 2015 classification schema. For full descriptions and more detailed information on classification procedures, refer to the Carnegie Classification of Institutions of Higher Education website available at <http://carnegieclassifications.iu.edu>.

Doctorate-granting Institutions

Institutions were included in these categories if they awarded at least 20 research doctorates in 2013-14. Professional practice doctoral degrees (J.D., M.D., Pharm.D., Aud.D., DNP, etc.) were not counted for the purpose of this criterion. Institutions which granted fewer than 20 research doctorates can be identified by using Custom Listings to intersect categories of the Basic and Graduate Instructional Program classifications. As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Level of research activity Doctorate-granting institutions were assigned to one of three categories based on a measure of research activity – highest research activity, higher research activity, and moderate research activity. It is important to note that the groups differ solely with respect to level of research activity, not quality or importance.

The analysis examined the following correlates of research activity: research & development (R&D) expenditures in science and engineering; R&D expenditures in non-S&E fields; S&E research staff (postdoctoral appointees and other non-faculty research staff with doctorates); doctoral conferrals in humanities fields, in social science fields, in STEM (science, technology, engineering, and mathematics) fields, and in other fields (e.g., business, education, public policy, social work). These data were statistically combined using principal components analysis to create two indices of research activity reflecting the total variation across these measures (based on the first principal component in each analysis)

Master's Colleges and Universities

Institutions were included in these categories if they awarded at least 50 master's degrees in 2013-14, but fewer than 20 research doctorates (as defined above). Some institutions with smaller master's programs were also included (see below). As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Program size Master's program size was based on the number of master's degrees awarded in 2013-14. Those awarding at least 200 degrees were included among larger programs; those awarding 100–199 were included among medium programs; and those awarding 50–99 were included among smaller programs. The smaller programs group also includes institutions that awarded fewer than 50 master's degrees if (a) their Enrollment Profile classification is Exclusively Graduate/Professional or (b) their Enrollment Profile classification is Majority Graduate/Professional and they awarded more graduate/professional degrees than undergraduate degrees.

Baccalaureate Colleges

Institutions were included in these categories if bachelor's degrees accounted for at least 50 percent of all undergraduate degrees and they awarded fewer than 50 master's degrees (2013-14 degree conferrals). In addition, these categories were limited to institutions that were not identified as Tribal Colleges or as Special Focus Institutions.

Among institutions where bachelor's degrees represented at least half of all undergraduate degrees, those with at least half of bachelor's degree majors in arts and sciences fields were included in the "Arts & Sciences" group, while the remaining institutions were included in the "Diverse Fields" group.

Institutions with at least one baccalaureate program that conferred more than 50 percent of degrees at the associate's level are divided into two Baccalaureate/Associates Colleges categories: Mixed Baccalaureate/Associate's Colleges are those that conferred more than 10% of degrees at the baccalaureate level or higher (fewer than 90% associate's degrees); Associate's Dominant institutions are those that conferred fewer than 10% of degrees at the baccalaureate level or higher (at least 90% associate's degrees). For the purpose of this publication those institutions that have a Carnegie classification of Baccalaureate/Associate's are placed in the category as selected by the institution or state agency.

Associate's Colleges

For institutions that conferred associate's degrees as the highest degree level offering, the 2015 update employed a new classification methodology. First, the institutions were separated according to whether their total awards (associate's degrees and certificates), were primarily in one or a few disciplinary fields. These fields were identified according to the first four digits of the CIP** code. For this publication, Associate's colleges are not further defined by the Carnegie Classifications. For further detail on the Associate's Colleges classification visit: <http://carnegieclassifications.iu.edu/methodology/basic.php>.

Special Focus Institutions

The special-focus designation was based on the concentration of degrees in a single field or set of related fields, at both the undergraduate and graduate levels. Institutions were determined to have a special focus with concentrations of at least 75 percent of undergraduate and graduate degrees. In some cases, the percentage criterion was relaxed if an institution identified a special focus on the College Board's Annual Survey of Colleges, or if an institution's only recognized accreditation was from an accrediting body related to the special focus categories.

APPENDIX E

Number of Public Four-Year Institutions by Carnegie Classification in the WICHE Region, 2018-19

Institutions by Carnegie Classifications	Number of Institutions
Research Universities - Highest Research Activity	19

Number of Public Two-Year Institutions by State in the WICHE Region, 2018-19

State	Number of Institutions
Alaska	--
Arizona	19
California	110
Colorado	15
Commonwealth of the Northern Mariana Islands	1
Guam	1
Hawaii	7
Idaho	3
Montana	9
Nevada	4
New Mexico	18
North Dakota	5
Oregon	17
South Dakota	4
Utah	3
Washington	34
Wyoming	7
Total Number of Institutions	257

Notes: The University of Alaska system does not have a separate community college system nor do any of the community campuses hold separate accreditation from the four-year university they are administratively connected to. However, associate degree seeking students can be found at each university and community campus.

Appendix G

Methodology

Since 1980, WICHE has collected tuition and fees data annually from public four- and two-year institutions in its 15-member states through a survey. In 2012, the U.S. Pacific territories and freely associated states became the 16th member of WICHE so data collection from the Commonwealth of the Northern Marianas began in 2013 and Guam in 2017.

The data are generally provided by staff at system offices or at state higher education governing and coordinating board offices; a small number of individual institutions provide their data directly. Each year, respondents are asked to provide current published tuition and fees data for resident and non-resident undergraduate, graduate, and professional students in public four-year colleges and universities, and for resident and non-resident students in public two-year colleges (specific instructions are provided later in this appendix). Data are charged to full-time students attending for the full academic year, except special sessions and summer terms. Respondents were asked to indicate tuition and mandatory fees separately. In addition, they are asked to verify and, if necessary, correct previously reported data. They also provide additional interpretive information about specific circumstances in their states or institutions that is shown in the State Notes.

The 2018-19 survey was emailed to state and institutional staff in June 2018. Surveys were returned by October 2018. The survey data were reviewed for possible errors, and problems were discussed with the staff in the appropriate office. WICHE used the 2015 "Basic Classifications" of The Carnegie Classification of Institutions of Higher Education for breakdowns by institutional type in this edition of *Tuition and Fees in the West: 2018-19*. More information on the Carnegie classifications is available at <http://carnegieclassifications.iu.edu/>.

Enrollment-Weights

This year's edition provides enrollment-weighted averages of tuition and fees in addition to the unweighted averages historically reported. WICHE used the *Fall Enrollment Survey* from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS) to determine full-time equivalents (FTEs) for each public two-year and four-year institution in the West. The weighted averages used FTEs by institution as the weights and FTE was calculated as equal to the full-time enrollment plus 1/3 of the part-time enrollment as reported in IPEDS for the applicable year. 2018-19 and 2017-18 enrollment weights are set equal to the 2016-17 FTE since the most recent years' enrollment data were not available before publication.

Fees

WICHE calculated average mandatory fees for each institution, state, and the region. The one-, five-, and 10-year fees rates are displayed, as well as what percent of total tuition and fees they represent. For this survey, fees are the required institutional fees that a majority of lower-division full-time students are required to pay in addition to tuition, not including costs for books and supplies. This report does not include fees for graduate students due to wide variability in fees across graduate programs.

Converting Current to Constant Dollars

WICHE calculates constant dollar amounts using the Higher Education Cost Adjustment (HECA), calculated by SHEEO, to adjust for the effects of inflation when observing long-term trends in tuition and fees. For this year's report, historical data was calculated to current 2018 dollars for the WICHE regional averages in Tables 2a and 2b. The 2018 HECA figure is preliminary at the time of publication. The procedure for converting current to constant dollars can be found on the following page.

Procedure for Converting Current Dollars To Constant Dollars

The formula for the constant dollar conversion is:

$$TF_{\text{Constant}} = \frac{TF_{\text{Current}}}{(HECA_{\text{Base}} / HECA_{\text{Current}})}$$

For example, the procedure to convert average resident undergraduate tuition in 2013-14 shown in Table 1a, \$7,678 to 2018 constant dollars is as follows:

$$TF_{\text{Constant}} = \frac{7,678}{(90.43/100)}$$

where the HECA value for 2018 is 100 and the HECA value for 2013 is 90.43.

SURVEY INSTRUCTIONS

Tuition and Required Fees in the West, 2018-19

SECTION 1 - Tuition & Fees

Please complete and return this form by August 6, 2018 or as soon as tuition and fee data for 2018-19 are determined. Please also provide your contact information in Section 3. For any questions or issues, please contact: Colleen Falkenstern at WICHE at 303.541.0313 or cfalkenstern@wiche.edu.

For each institution, indicate separately the 2018-19 tuition and required fees amount for full-time undergraduate students (and graduate students, as appropriate). Provide amounts for a full academic year when applicable (definitions are in Section 4 below). Please verify the total of tuition and fees for 2016-17, 2012-13 and 2007-08, which we received in previous years and will publish this year alongside 2017-18 rates to show 1-, 5- and 10-year changes. SECTION 5 below shows changes in percent terms so you can spot check. Add any newly established public institutions or indicate name changes for existing institutions. As necessary, provide or edit endnotes using Endnote numbers in Section 1 and Endnote text in Section 2.

SECTION 2 - Endnotes

Please review the endnotes to be included in this year's publication (if any) and indicate next to each endnote, 'No Change', 'Change' or 'Delete' (by typing in the cell or choosing from the drop-down). Add any new endnotes below the existing endnotes; and indicate the associated endnote number on the data row above.

SECTION 3 - Contact Information for Person Completing the Form

SECTION 4 - Definitions

For the purposes of this survey, the following definitions apply:

- Tuition is the total dollar amount paid by a full-time student for a full academic year, usually two semesters, three quarters, or two trimesters.
- Required fees include the institutional fees that a majority of full-time students are required to pay in addition to tuition. Costs for books and supplies should not be included.
- If there are differences in tuition and fees for lower division and upper division students, please provide lower division tuition and fees.
- Full-time undergraduate tuition and fee rates should be based on 15 credit hours per semester or equivalent. (Please provide an endnote(s) if your calculation differs from how data have been submitted in previous years.)
- Full-time graduate tuition and fee rates should be based on 12 credit hours per semester or equivalent. (Please provide an endnote(s) if your calculation differs from how data have been submitted in previous years.)

SECTION 5 - Definitions

This section shows the percent change over 1-year, 5-years and 10-years in total tuition and fees, based on the data you provided above or in previous years. We provide this so you can review the accuracy of the data in Section 1. We highlight one-year changes of 5% or greater and reductions in tuition and fees from previous years. If something appears incorrect, please check and correct the data in Section 1 and/or provide explanatory notes in Section 2.
