

*... promoting innovation, cooperation,
resource sharing, and sound public policy*

WICHE Workplan FY 2020

WICHE FY 2020 Workplan

WICHE's Mission

WICHE and its 16 member states and territories work collaboratively to expand educational access and excellence for all citizens of the West. By promoting innovation, cooperation, resource sharing, and sound public policy, WICHE strengthens higher education's contributions to the region's social, economic, and civic life.

Each May, WICHE's 48-member commission develops and approves the organization's annual Workplan. This Workplan outlines the diverse set of activities, projects, and initiatives that the WICHE Commission has prioritized for the fiscal year beginning July 1, 2019, all of which are intended to advance WICHE's mission.

The WICHE Commission has identified five key focus areas to guide the work of the organization:

- **Finance & Affordability (F/A):** examining appropriations, tuition, and financial aid policy and practice at the institutional, state, and federal levels
- **Access & Success (A/S):** improving students' access to and success in higher education, especially those who are traditionally underserved
- **Workforce & Society (W/S):** working to ensure the region's postsecondary institutions meet workforce and societal needs
- **Technology & Innovation (T/I):** developing and supporting innovations in technology and beyond that improve the quality of higher education and reduce costs
- **Accountability (A):** striving to ensure that students receive an education that is valuable to them and that government is receiving a strong return on its investment

WICHE has four operational units—Programs and Services, Policy Analysis and Research, Behavioral Health, and the WICHE Cooperative for Educational Technologies (WCET)—that implement the Workplan by conceptualizing and managing a vast array of programs, projects, and initiatives, and by developing valuable resources that address the needs of member states and territories. When appropriate, some initiatives also extend beyond the WICHE region. This Workplan is organized by operational unit, which are described below.

- **Programs and Services:** The primary goals of the Programs and Services unit are to broaden student access and success and to foster higher education collaborations that increase institutional effectiveness. Programs and Services manages WICHE's four Student Access Programs and other initiatives that help institutions and students—undergraduate, graduate, and health professional—save money and make good use of available resources. The unit also oversees initiatives that bring together the West's higher education leaders to address common goals and issues, streamline the student transfer process through a new nationwide network of Interstate Passport® institutions, and develop a new cadre of academic administrative leaders. In addition, it helps institutions achieve cost savings through four programs in collaboration with the Midwestern Higher Education Compact (MHEC), the compact that created and administers the programs.
- **Policy Analysis and Research:** The Policy Analysis and Research unit supports better-informed decision-making, principally at the state level, by providing a variety of policy analysis and data resources. The unit leads research projects and collaborative initiatives that focus on closing postsecondary attainment gaps, college completion, and multistate data-sharing to support educational planning and workforce development. WICHE staff are useful resources on higher education issues including demographic change, equity in higher education, adult learners,

state and federal financial aid, finance, articulation and transfer, federal policy, and college completion initiatives. The unit's two publication series, WICHE Insights and Western Policy Exchanges, explore a wide range of significant policy issues. The unit also undertakes major long-term grant-funded projects, collaborates with other regional and national organizations, and provides short-term technical assistance to members.

- **Behavioral Health:** The WICHE Behavioral Health Program seeks to enhance the public systems of care and the workforce that serves people with behavioral health issues and their families. The program supports this mission through partnerships with state behavioral health agencies, federal agencies, advocacy and consumer groups, and higher education institutions. WICHE Behavioral Health activities focus on direct technical assistance to state and local agencies, policy analysis and research, support of state behavioral health agency data analysis, and higher education liaison activities to enhance workforce development.
- **WCET:** The WICHE Cooperative for Educational Technologies (WCET) was established in 1989 to promote collaboration and information sharing related to educational technologies in higher education. WCET's mission is to accelerate the adoption of effective practices and policies, advancing excellence in technology-enhanced teaching and learning in higher education. Today, WCET supports over 380 member colleges, universities, state higher education agencies, nonprofits and for-profit companies across the U.S. and Canada, with over 6,000 active users of WCET resources. Dues paid by these members help enable WCET to be effectively a self-supporting unit. WCET's strategic action plan focuses on practice, policy, and advocacy, and fulfills these core functions by leveraging the expertise within the WCET community, supporting action agendas based on member priorities, facilitating information dissemination and professional networking, and delivering responsive excellence to its higher education members.

Importantly, WICHE, an organization founded on the idea of collaboration, prides itself on working in partnership across units to better serve the region. The final section of this Workplan highlights collaborations across WICHE units.

Finally, each section is organized according to the following categories:

- **Current Activities:** WICHE's current work, segmented into:
 - **Ongoing Services and Resources:** Continuing work supported by the general fund or fees
 - **Projects & Initiatives:** Continuing (or new) work supported by grants, contracts, or fees
- **New Directions:** Commission-approved projects for which staff is seeking funding
- **Potential Future Projects:** Work that staff is considering pursuing (and bringing to the commission for approval); also listed are projects that staff previously considered pursuing but now proposes to remove from the Workplan
- **Completed Projects:** Work that staff finished in FY 2019

To guide commission consideration, projects in the New Directions category are prioritized by relevance to WICHE mission, opportunity, and staff competence. Existing Activities are not given prioritization rankings, since they are initiatives WICHE staff already has committed to undertaking. Potential Future Projects also are not given prioritization rankings, because they are not approved and remain under consideration by the commission.

Programs and Services

CURRENT ACTIVITIES Services and Resources

Continuing work that supports WICHE's mission, supported by the general fund or fees. All work in this category is considered high priority.

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Geo Scope	Staff FTE	Partners
Academic Leaders Toolkit	A/S	Western	(included in Forum and Alliance)	Forum and Alliance members
Master Property Program	F/A	WICHE/MHEC/NEBHE/SREB states	.10	MHEC/Marsh carriers, 8 states (AZ, CO, ID, NV, OR, UT, WA, WY), 22 campuses
MHEC Cyber Insurance	F/A; A	WICHE/MHEC/NEBHE/SREB states	.05	All WICHE members are eligible
MHECare	F/A; A/S	WICHE/MHEC/NEBHE states	.05	MHEC/United HealthCare Student Resources, 2 states (AK, CA), 4 institutions
MHECtech	F/A	WICHE/MHEC/NEBHE/SREB states	.15	All WICHE members
Online Course Exchange	A/S; T/I	National	.10	2 consortia serving 25 institutions
Professional Student Exchange Program (PSEP)	A/S; W/S	Western	1.05	All WICHE members send and/or receive students except Guam; 130+ programs at 60 participating institutions
Student Access Programs administrative database upgrades and enhancements*	A/S; W/S; T/I	Western	.30 and consultants	All WICHE members
Western Academic Leadership Academy (Academy)	W/S; A	Western	.10 and consultants	Forum members
Western Academic Leadership Forum (Forum) <ul style="list-style-type: none"> Professional Development: 2020 Annual Meeting Collaborative projects 	A/S; A	Western	.45	All WICHE members; 54 institutions, 10 systems
Western Alliance of Community College Academic Leaders (Alliance) <ul style="list-style-type: none"> Professional Development: 2020 Annual Meeting Collaborative projects 	A/S; A	Western	.45	All WICHE members; 81 institutions, 8 systems

Programs and Services

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Geo Scope	Staff FTE	Partners
Western Regional Graduate Program (WRGP)*	A/S; W/S	Western	1.05	All WICHE members; 805+ programs at 58 institutions (a FY18 eligibility change has increased these numbers)
Western Undergraduate Exchange (WUE)	A/S; W/S	Western	1.05	All WICHE members; 160 participating institutions

* *Note:* During 2019-20, the Programs and Services unit will expand the marketing of WUE and WRGP to benefit more students and institutions through targeted, state-specific publicity and activities as well as increased outreach to high school counselors and admissions advisors. With the lifting of the WRGP program-distinctiveness requirement (previously there had to be no more than five similar programs in the region excluding health care programs), there has been a significant increase in the number of graduate offerings available as well as some new participating institutions. A new PSEP database is under development to improve administrative functions and enrollment reporting for participating states, institutions, WICHE stakeholders, and staff, along with new public WUE and WRGP interfaces.

The **Academic Leaders Toolkit**, jointly funded by the Alliance and Forum, is a peer-reviewed, searchable online repository of decision-making tools contributed by academic leaders. Tools in a range of categories—such as program evaluation, creation and elimination; faculty recruitment and retention; and learning-outcomes assessment—help academic leaders address a variety of challenges.

The **Master Property Program**, another MHEC partnership available to WICHE institutions, has saved institutions \$114.5 million on comprehensive property insurance coverage over the years. The insurance program now serves 170 two- and four-year campuses nationwide with total insured values of \$99 billion, including 30 campuses and centers in eight WICHE-member states. It enables public and nonprofit private institutions to receive coverage at rates below industry averages, while improving their risk management and asset protection.

The **MHEC Cyber Insurance Program**, in conjunction with Marsh USA Inc., offers institutions access to services including analysis of threat environment, the significance of vulnerabilities in security controls, and potential financial exposure. It can also help institutions benchmark how much cyber coverage similar institutions and systems are buying.

MHECare, developed by the **Midwestern Higher Education Compact (MHEC)** and available to WICHE institutions, offers institutions and systems a student health insurance plan underwritten by UnitedHealthcare StudentResources (UHCSR). Five institutions in three WICHE states now participate. UHCSR was selected through a competitive bid process, enabling member institutions to avoid a time- and resource-consuming request-for-proposal process.

A third MHEC partnership, **MHECtech**, enables institutions to purchase off competitively bid master purchasing agreements for hardware, software, and technology services. Several of the agreements are also available to K-12 districts; state, county, and local governments; and education-related nonprofits. More than 1,600 institutions and other entities in 13 WICHE states benefit from aggregated volume purchases that lowered product cost and saved institutions \$6.5 million as well as institutional time.

The **Online Course Exchange (OCE)** enables students to seamlessly enroll, through their home institutions, in online courses offered by other two- and four-year institutions participating in a consortium. Consortia contract with WICHE for use of its robust OCE platform, designed to support the exchange of online course enrollments among multiple institutions to provide more options for students and optimize use of institutional resources.

The **Professional Student Exchange Program (PSEP)** provides affordable access for students to 130+ health care professional programs at nearly 60 institutions and in 10 health care fields. In 2018-19, 614 students from 10 WICHE states and the Commonwealth of the Northern Mariana Islands received \$14.5 million (reflecting investment by their home-state legislatures) in tuition benefit through PSEP. Since its 1953 inception, PSEP has helped more than 15,000 students, many of whom return to their home states to fill key health care positions.

WICHE's **Student Access Programs** have been upgrading their **administrative databases** (integrating with WICHE's Salesforce customer relationship management system) and public digital interfaces during this past fiscal year, thanks to reserve funding allocated at the May 2018 Commission meeting. WUE and WRGP databases and Savings Finder public portals launched in August 2018. The PSEP database and interface is slated for rollout in June 2019.

The **Western Academic Leadership Academy** is a yearlong professional development program aimed at expanding the pipeline of qualified chief academic leaders for four-year institutions in the West. Academy activities focus on understanding the context of academic leadership, setting academic goals and priorities, and developing specific skill sets required of chief academic

Programs and Services

officers. Its fourth cohort, nominated by members of the Western Academic Leadership Forum, completed the program in spring 2019. The Academy is funded by registration fees, sponsorships, and Forum support.

The **Western Academic Leadership Forum (Forum)** brings together WICHE-region chief academic leaders from four-year institutions and associated systems and state coordinating and governing boards to exchange ideas and information, share resources and expertise, and collaborate on regional initiatives. The Forum's annual meeting, themed "A Place for All? Belonging in Higher Education," was held in April in Boulder, Colo. The Forum is funded primarily by membership dues, with additional funding provided by meeting sponsors.

The **Western Alliance of Community College Academic Leaders (Alliance)** brings together academic leaders at community colleges and technical schools and related systems and state agencies to exchange ideas and information, share resources and expertise, and collaborate on regional initiatives supporting the two-year higher education sector. The Alliance's annual meeting, themed "Embracing the Brave New World: Higher Education and the Future of Work," was held in April in Salt Lake City. Like the Forum, the Alliance is funded by membership dues and meeting sponsors.

The **Western Regional Graduate Program (WRGP)** allows WICHE-region residents to cross state lines yet pay resident tuition rates for hundreds of master's, graduate certificate, and doctoral programs at approximately 60 participating public universities. In 2018-19, 1,478 students saved an estimated \$22.7 million in tuition through WRGP. Until recently, WRGP was available only for a limited number of programs in certain fields, but Western public universities may now make any graduate program eligible at the WRGP resident tuition rate, increasing the number of students who can benefit from WRGP in the years ahead.

The **Western Undergraduate Exchange (WUE)** is WICHE's signature undergraduate discount-tuition program and the nation's largest of its kind, saving 40,487 students an estimated \$380.5 million in tuition in 2018-19. Some 160 public two- and four-year WICHE-region institutions allow WUE students to pay no more than 150 percent of resident tuition—instead of full nonresident tuition, which can exceed 300 percent of resident tuition.

CURRENT ACTIVITIES Projects and Initiatives

Continuing (or new) work supported by grants and contracts. All work in this category is considered high priority.

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Geo Scope	Funding	Staff FTE/Timeline	Partners
Interstate Passport®	A/S; T/I	National	Dept. of Education First in the World \$2,999,482	3.0 through 9/19 & consultants (If no-cost extension approved, will have 3.0 FTE through 2/20, then .20 FTE through 9/20 & consultants) 10/15-9/19 for U.S. Dept. of Education First in the World grant (Request for no-cost extension through 9/20 pending)	27 institutions in 9 WICHE states plus 3 institutions in 3 other states are members; institutions in these and several other states are in the exploration stage
Reducing the Postsecondary Attainment Gap for American Indians and Alaska Natives: Linking Policy and Practice	A/S	National	Lumina Foundation, \$990,000	2.10* (includes .25 of a Policy Analysis and Research staff member) 12/17-11/20	24 institutions in 7 WICHE states (AK, AZ, CO, MT, NM, UT, WA); 3 other states (MN, OK, NC)

Programs and Services

Interstate Passport® is a program that facilitates the block transfer of lower-division general education based on multistate, faculty-developed learning outcomes and proficiency criteria. It is the only nationwide network of regionally accredited, nonprofit, public, and private two- and four-year institutions dedicated to the block transfer of general education attainment. It also provides institutions in the network with an academic progress tracking system for Passport transfer students designed by registrars and institutional researchers in conjunction with the National Student Clearinghouse. The goal of Interstate Passport is to eliminate transfer students' unnecessary repetition of learning previously achieved. WICHE staff provide overall direction and support for this innovative program.

Reducing the Postsecondary Attainment Gap for American Indians and Alaska Natives: Linking Policy and Practice, an initiative now in its second year, is focusing on identifying and supporting the implementation of culturally relevant high-impact practices among Native American-Serving Nontribal Institutions (NASNTIs) to improve American Indian and Alaska Native students' postsecondary attainment. Efforts continue to assist NASNTIs in developing common goals and strategies to influence state and federal higher education policy to help this population of students and institutions. A longer-range objective is the creation of a network of Native American-Serving Institutions to mobilize them to enhance their visibility in higher education and public policy arenas.

NEW DIRECTIONS

Commissioner-approved projects for which staff is actively seeking funding, prioritized as follows:

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project prioritization:

Relevance (mission-critical) 
 Opportunity (funding) 
 Competence (staff/consultants) 

Project Title	Focus	Priority	Geo Scope	Funding	Staff FTE/ Timeline	Partners
Seeking additional external funding for the Reducing the Postsecondary Attainment Gap for American Indians and Alaska Natives: Linking Policy and Practice initiative to further assist NASNTIs and sustain an institutional network	A/S		National	\$750,000	1.2 TBD	Native American-serving nontribal institutions
Interstate Passport®	A/S; T/I		National	TBD	TBD TBD	Interstate Passport Network members

Previously considered pursuing but that staff now proposes to remove from the Workplan. **None**

POTENTIAL FUTURE PROJECTS

Work that staff is considering pursuing and bringing to the commission for approval, along with ideas generated by a survey of commissioners:

The **Alliance Academic Leadership Academy** would identify, develop, and prepare aspiring academic leaders for career advancement and success in progressively more complex administrative roles at community, junior, and technical colleges across the West.

Policy Analysis and Research

CURRENT ACTIVITIES Services and Resources

Continuing work that supports WICHE's mission, supported by the general fund or fees. All work in this category is considered high priority.

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Geo Scope	Staff FTE	Partners
Benchmarks: WICHE Region	A	Western	.025	N/A

<p>* Note: During FY 2020, the Policy Analysis and Research unit will begin using its new database (developed through a dedication of reserves approved by the Commission in FY19) to improve perennial data products including Tuition and Fees, Benchmarks, and the Regional Fact Book. A key focus will be improving their utility for key WICHE constituencies and making them available online in a more contemporary format. These profiles may include on-demand data downloads and visualization to integrate them more directly with written resources such as WICHE Insights, Western Policy Exchanges, and webinars.</p>				

The annual *Benchmarks: WICHE Region* report analyzes key higher education metrics and information about the West's progress in improving access to, success in, and financing of higher education. This resource helps stakeholders monitor regional changes over time and informs discussion in policy and education communities.

The **Legislative Advisory Committee (LAC)** informs the WICHE Commission and staff about significant legislative issues related to higher education, and WICHE staff serves the LAC by informing members about emerging policy issues in the West. LAC members are appointed by the commission and meet annually. The 2019 LAC Annual Meeting will take place Sept. 12-13, 2019, in Portland, Ore. The 2018 LAC annual meeting, titled "Demographic Change in the West: Choices, Challenges, and Opportunities," was held Sept. 25-26, 2018, in Boise, Idaho.

WICHE's *Regional Fact Book for Higher Education in the West* presents regional and state-by-state data and analysis on policy indicators across a range of topics. These fiscal, demographic, economic, and social indicators provide up-to-date information for policymakers, educators, and researchers in the West. The Fact Book's downloadable data tables are updated periodically throughout the year.

Tuition and Fees in Public Higher Education in the West annually provides comprehensive data about the tuition and fee rates published by public higher education institutions in the WICHE region, including changes in tuition and fee rates over the past one-, five- and 10-year periods. In addition to total tuition and fees, the report displays the average mandatory fees for each institution, state, and the region over the past one, five, and 10 years, as well as what proportion of total tuition and fees they represent. The 2018-19 survey was released in November 2018.

The *WICHE Insights* publication series consists of periodic briefs (usually published several times a year) that illuminate a higher education policy or research topic, or that supplement a regular WICHE activity or release (such as our annual *Tuition and Fees* or our quadrennial *Knocking at the College Door* report).

Western Policy Exchanges publications are of similar form to *WICHE Insights* briefs, yet cover other topics including legislative activity in the West.

The WICHE **Policy Webinar** series features WICHE staff, partners, and/or higher education stakeholders periodically hosting digital forums for registrants on selected higher education topics of interest.

The WICHE **State Authorization Reciprocity Agreement (W-SARA)** provides a platform for Western states to—upon application and demonstration of specified criteria—enter into reciprocity for the purpose of authorizing individual colleges and universities to provide postsecondary education courses and programs through distance modalities to students living in other states. Four regional SARAs—functioning within the four existing higher education regional interstate compacts—facilitate reciprocity among participating states within their respective regions. The four regional SARAs are connected through an inter-regional agreement to create a nationwide reciprocity framework, known as the National Council for State Authorization Reciprocity Agreements (NC-SARA).

CURRENT ACTIVITIES Projects and Initiatives

Continuing (or new) work supported by grants and contracts. All work in this category is considered high priority.

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Cybersecurity Training for Senior Nontechnical Leaders	T/I	Western	DHS	.10 7/17-TBD	WCET, DHS, FEMA, SHEEO offices of participant states

WICHE Task Force on Closing Postsecondary Attainment Gaps: The goal of this effort is to catalyze state efforts to close attainment gaps so that all students in the West have the credentials they need to contribute to the regional economy. The Task Force is composed of teams from three Western states, each including representatives from higher education, K-12, state government, business and workforce, and local communities. WICHE will work with state teams to conduct state-level policy and practice gap analyses and state-level data gap analyses; host three in-state meetings for each team; and convene three Task Force meetings to facilitate interstate collaboration. The work will result in a set of regional recommendations for closing attainment gaps applicable across a variety of contexts; state-specific action plans tailored to each participating state's context; and early-stage implementation support for the state action plans.

Multistate Longitudinal Data Exchange (MLDE): The MLDE project, a follow-up to a successful WICHE pilot project, is aimed at stitching together state longitudinal data systems in order to better track the development of human capital through K-12 and postsecondary education and that capital's deployment in the workforce, while accounting for individual mobility.

University of Hawai'i Analysis of Mobility and Work Patterns: WICHE intends to conduct an analysis of University of Hawai'i graduates who work in other states, and an analysis of Hawai'i high school students who attend universities in other states and their work patterns using data from the MLDE.

Utah Strategic Planning Subcontract: As a partner to the National Center for Higher Education Management Systems (NCHEMS) WICHE staff will assist with regional meetings across Utah. These meetings are in support of the Higher Education Strategic Planning Commission and its work to develop a strategic plan for Utah Higher Education. WICHE staff will help facilitate meetings and provide feedback to NCHEMS on drafts of the plan.

Development of WICHE Data Management Plan: A component of WICHE's cybersecurity initiative, this work entails assessing WICHE's current policies and practices and development of consistent data practices moving forward to minimize breach vulnerability and ensure compliance by WICHE operational and support units.

Recognition of Learning: WICHE has been granted funding to partner with the Council for Adult and Experiential Learning (CAEL) to conduct an environmental scan of policies and practices related to the recognition of prior learning and to evaluate outcomes of students who receive credit for prior learning. This project is jointly funded by Lumina Foundation and Strada Education Network. (This item was previously listed, with a slightly different structure, in the New Directions section.)

Data for the American Dream: WICHE has been contracted by the National Center for Higher Education Management Systems (NCHEMS) to consult on a project that seeks to improve the information available on education and training opportunities for low-income, unemployed, and under-employed individuals. This effort draws heavily on WICHE expertise developed through the Multistate Longitudinal Data Exchange.

Cybersecurity Training for Senior Nontechnical Leaders: An additional component of the cybersecurity initiative, WICHE is developing partnerships with cyber experts and conducting outreach to WICHE states to provide training for institutional non-technical leaders for cyber protection. This effort also helps fund the work of the WICHE Cyber Fellow.

A Second Chance at Success: Reducing the Fiscal and Social Impact of Recidivism Through Inmate Education and Re-entry Programs	A/S; W/S		Western	\$2.5 million	2 3 years	TBD
Serving Student Soldiers of the West	A/S; W/S		Western	\$1 million	1.35 3 years	Behavioral Health Program

Knocking at the College Door: Projections of High School Graduates: The Policy Analysis and Research unit has produced state-by-state forecasts of high school graduates for almost 40 years and is planning for a new release (WICHE's 10th edition) in 2020, which involves securing financial support and identifying new directions and extensions to the core product.

Increasing Access, Affordability, and Equity Using OER: A National Consortium: The policy unit has worked with WCET and the other three regional compact organizations to develop a proposed project to fund work in each region that would build networks to support the adoption of open educational resources (OER). This project has a national scope by virtue of participation of all regional compacts and would further efforts already undertaken by WCET through its Z Initiative.

Building Evidence for Scale: Policy and Practice Solutions for Adult Learners: Building on WICHE's Adult College Completion Network (which concluded in 2016) and other work related to adult learners, WICHE proposes to leverage its existing membership and activities to pursue new approaches to achieve four objectives: 1) build the evidence base for effectively serving adult learners, 2) facilitate collaboration among network members, 3) share scalable solutions across the field, and 4) link adult college completion work with the broader equity agenda. WICHE will also seek to partner with states to increase the number of adults with a postsecondary credential of value. To accomplish that goal, the project will identify high-impact supports for adult learners that correlate with increased credential completion; develop effective and aligned policy and practice for serving adult learners in concert with states, postsecondary systems and institutions, employers, and local leaders; and measure the impact of initiatives aimed to increase adult postsecondary credential completion to drive continuous improvement.

Data with a Purpose: Building on WICHE's Multistate Longitudinal Data Exchange (MLDE), Data with a Purpose would seek to build a bridge between data available through the MLDE and decisionmakers to ensure that the data are effectively used to guide policy and improve practice. Specifically, Data with a Purpose would seek to accomplish two tasks: 1) facilitate state research using multistate data to analyze crucial issues related to postsecondary education and employment and 2) translate this research and analysis into actionable information that can be used to improve state and institutional policies.

Western Postsecondary Data Users Network: State education and workforce development agencies continue to improve data systems that have the potential to provide critical information to students and their families, policymakers, and institutional leaders. To take full advantage of these systems, states must have highly competent staff that can analyze the available data and convert it to usable information that can be used to improve programs and policies. Additionally, state researchers must have opportunities to explore new areas of research that can drive policy conversations. Barriers to states taking advantage of these data systems include limited opportunities for state postsecondary researchers to engage in professional development; heavy workloads managing existing reporting duties, leaving little time for exploratory analyses; and few chances to network with colleagues in other states to address common problems. WICHE hopes to address these issues by exploring the need for and, if appropriate, establishing a Western Postsecondary Data Users Network, which would convene key state, system, and institutional education and workforce researchers to address common questions, provide technical assistance, and assist in professional development. This network would aim to ensure that Western policymakers have access to high-quality evidence to develop, assess, and improve education and training policies and programs.

Exploratory Research into Programs Designed to Increase Postsecondary Attainment in Idaho: Western states are implementing many innovative policies and programs to increase access to postsecondary education and improve success rates for those who enroll. Recent examples include expansion of dual and concurrent enrollment offerings, changes to state financial aid programs, and reforms in developmental education requirements. Legislators, governors, and institutional leaders (not to mention students and their families) all want assurances that these programs are both effective and a wise use of limited financial and human resources. The Institute for Education Sciences (IES) offers grants for state agencies to partner with research organizations like WICHE to carry out exploratory research leading to rigorous evaluations. WICHE staff, working with the Idaho State Board of Education, have submitted a proposal to IES to begin this work. The project would have direct and tangible benefits for Idaho but would also benefit other WICHE states. Information about the efficacy of innovative programs is valuable not only to the state or institution that enacts the policy or program, but to others in the West (and across the country) who are looking to improve student outcomes. WICHE will carry out (if funded by IES) an evaluation of Idaho's Advanced Opportunities project or (if not funded) seek other funding opportunities.

Evaluation and Research Partnerships: Western states are implementing many new innovative policies and programs aimed at improving student outcomes. Examples include developmental courses, summer bridge programs, dual and concurrent enrollment, and efforts to decrease "summer melt." The Institute for Education Sciences (IES) and other funders offer grants to support partnerships between education agencies and research entities that produce usable information for states and help advance overall knowledge in the field. WICHE is interested in bolstering state efforts to improve access and success by engaging in partnerships wherever it is useful to those states and where it fits within WICHE's mission. One immediate opportunity is an IES grant program that supports low-cost, short-duration evaluations of education interventions. Partnering with a state agency (or agencies) to carry out such an evaluation would help address state capacity issues, provide actionable information to the participating state, provide evidence for other states to consider in designing education interventions, and potentially provide opportunities to secure additional funding. WICHE will solicit partner agencies to jointly submit proposals to IES and identify other research and evaluation needs for which WICHE can be of assistance.

Scaling Technology-Assisted Skill Building in Rural and Other Areas of Need: This project, which would be a joint effort of the Policy Analysis and Research unit and WCET, would leverage technology to scale work-based learning to rural and other communities of need by providing underserved students with the training they need to succeed in their local economy's high-demand fields and the ability to adapt should demand for certain careers change. Specifically, after conducting a landscape analysis of innovative program models of technology-assisted work-based learning opportunities, WICHE would deploy its robust network of state and postsecondary institutional partners across the region to identify pilot sites for project implementation that involves expanding these models. Rural, low-income areas with identified high-demand industry sectors would be priorities for pilot site selection. The project would convene pilot and mentor sites to share lessons learned and craft implementation plans for the pilot sites. The project would incorporate seed funding for small-scale testing of technology-assisted training opportunities with potential for scale, and would rigorously evaluate the process using longitudinal data to inform larger-scale state policy decisions over time.

Improving Policy and Practice to Support Behavioral Health on Campus: Behavioral health issues have a significant impact on the health and well-being of many traditional-aged students. Additionally, they can be a significant barrier to postsecondary success. There are not currently well-accepted policies and practices for providing support systems on campuses. WICHE is well-positioned to begin addressing the issue through its policy and behavioral health units. The initial project will be to host a convening of state policymakers and institutional leaders and practitioners to identify policy and practice gaps, as well as potential solutions.

A Second Chance at Success: Reducing the Fiscal and Social Impact of Recidivism Through Inmate Education and Re-entry Programs: The goal of this project is to reduce the fiscal and social impact of recidivism on states by helping former inmates, upon release from the correctional system, to be successful individually and to be productive members of society through effective, comprehensive prison education and re-entry programs.

Serving Student Soldiers of the West: Policy and Practice Solutions is a project whose goal is to increase access to and success in higher education for members of the military and their families in the Western region.

POTENTIAL FUTURE PROJECTS

Work that staff is considering pursuing (and bringing to the commission for review or approval).

A **Western Policy Forum** would be an annual convening designed to advance WICHE's mission by bringing together key postsecondary state, system, and institutional leaders in the Western region to learn about successful strategies around access and success, accountability, finance, workforce, and innovation.

A Hole in State Policy: Alternative Providers in Higher Education would be a WCET/Policy Analysis and Research partnership that would explore states' role in the oversight of alternative providers in higher education. Activities might include conducting research on the few state efforts that are underway, convening interested key stakeholders to gather input on ways to address issues, identifying ways to avoid duplication of efforts in establishing a regulatory environment, proposing new frameworks, and creating a model or options to help states address challenges.

Exploring Strategies for Improving the Delivery of Remedial and Developmental Education Policies and Practices is a project that would build on emerging practices in the field to help states more effectively and efficiently target remedial education to students, particularly adult learners.

Impact of Federal Policy on State Budgets and Policy: Several pieces of recent or proposed federal legislation, ranging from tax reform to the reauthorization of the Higher Education Act, are likely to have an impact on state budgets and higher education policy. WICHE proposes to engage in work that will keep constituents informed and help policymakers align their policy and practice to better serve students in the West.

Hitting the Ground Running: Leveraging Work-Based Learning to Improve Educational Outcomes and Meet Workforce Demands: The goal of this work would be to help states (and perhaps metropolitan areas) facilitate the development of partnerships among institutions and businesses to ensure effective linkages between the workplace and the classroom through co-op/internship programs.

Safer Spaces: Aligning Policy and Practice to Reduce Sexual Violence on College Campuses in the West: WICHE hopes to conduct research examining how contemporary policy approaches to sexual-violence prevention at postsecondary institutions are being executed, with the goal of identifying those that research suggests can best reduce the prevalence of sexual violence.

State Policies to Support Housing and Food Security on Campus: Housing and food security are crucial issues for students across the West (and the United States as a whole). While campus-level supports such as food banks and emergency grants and loans can help, this effort would examine state-level policies that can improve outcomes for students, including better alignment of social services and education programs, improved access to benefit programs, and other approaches.

Behavioral Health

CURRENT ACTIVITIES Projects and Initiatives

Continuing (or new) work supported by grants and contracts. All work in this category is considered high priority.

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Western States Decision Support Group (WSDSG): Annual Membership Program	W/S	Western	Varies annually	.20 Ongoing	WICHE member states and territories

* Though timelines reflecting existing contract intervals may suggest that these projects have concluded, WICHE expects these projects will be renewed for FY 2019-20.

Alaska Psychology Internship Consortium (AK-PIC): Interns: WICHE supports the ongoing operations of the AK-PIC for interns and faculty.

Alaska Internship Consortium (AK-PIC): Technical Assistance: The Alaska Mental Health Trust Authority contracts with WICHE to provide technical assistance to the AK-PIC and prepare it to successfully become reaccredited by the American Psychological Association (APA) in the wake of newly revised accreditation standards.

Arizona Evidence-Based Practices (EBPs) Fidelity Monitoring: WICHE partners with the Arizona Health Care Cost Containment System to assist with staffing to support the implementation and fidelity reviews of four EBPs in the Maricopa County public

Behavioral Health

behavioral health system. WICHE supports the project lead and three fidelity reviewers. The project was expanded in FY19 to include fidelity reviews of two EBPs in Northern and Southern Arizona.

Hawai'i Psychology Internship Consortium (HI-PIC): WICHE assists the state of Hawai'i in the development and operation of an accredited psychology internship consortium. A primary goal of the internship program is to establish a pipeline to build Hawai'i's behavioral health workforce. Three Hawai'i state agencies—the Department of Education, Department of Health, and Department of Public Safety—provide funding to support HI-PIC.

South Dakota IMP(ACT) Fidelity Reviews: WICHE is continuing to assist the South Dakota Division of Behavioral Health to evaluate the fidelity of the evidence-based practice Assertive Community Treatment (ACT) at community behavioral health clinics in three locations in South Dakota.

Nevada Psychology Internship Consortium (NV-PIC): WICHE assists the state of Nevada in the development and operation of an ultimately accredited psychology internship consortium. A primary goal of the internship program is to establish a pipeline to build Nevada's behavioral health workforce. The Nevada Division of Public and Behavioral Health and WICHE provide support and funding for WICHE's ongoing development and operations of the Nevada Psychology Internship Consortium.

Hawai'i Department of Education: Recruitment, Employment, and Facilitation for School-Based Behavioral Health Professionals: The Hawai'i Department of Education continues to contract with the WICHE Behavioral Health Program to provide marketing, recruitment, screening, and referral services for behavioral health professionals to fill public school vacancies across the Hawaiian Islands.

Oregon Psychology Internship Program: WICHE will continue to assist the Oregon State Hospital Psychology Internship Program by providing support for the internship website and technical assistance to help the program comply with accreditation standards.

Rural Veteran Suicide Prevention: WICHE is collaborating with the Denver-based federal Veterans Administration/Mental Illness Research, Education, and Clinical Center to develop and pilot-test a veteran suicide-prevention program for rural communities. The initial pilot site has been the San Luis Valley of Colorado. During FY20, the program is expanding to include two new pilot sites.

Utah Psychology Internship Consortium: WICHE is working with partner agencies to develop a doctoral psychology internship consortium. WICHE will facilitate program development, help ensure the program meets American Psychological Association accreditation standards, and assist with the accreditation process.

Western States Decision Support Group (WSDSG): Annual Membership Program: Since 1985, WICHE has been managing the WSDSG, an information-sharing network for behavioral health data and evaluation staff and managers from WICHE states and territories. WICHE manages quarterly conference calls to discuss emerging issues in behavioral health data and system evaluation and provides ongoing support to WSDSG members. WICHE also organizes an annual meeting with training and presentations to help WSDSG members stay apprised of developments and best practices in the field of behavioral health data and evaluation. Funding is based on an annual membership fee of \$6,000.

NEW DIRECTIONS

Commissioner-approved projects for which staff is actively seeking funding, prioritized as follows:

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project prioritization:

Relevance (mission-critical)  **Opportunity (funding)**  **Competence (staff/consultants)** 

Project Title	Focus	Priority	Geo Scope	Funding	Staff FTE/ Timeline	Partners
Mountain Plains Mental Health Technology Transfer Center (MP-MHTTC)	A/S; W/S		Western	\$1,368,730	2.0 5 years	University of North Dakota
Rural Communities Opioid Response Program (RCORP)	A/S; W/S		Western	\$640,872	1.0 4 years	JBS International
Wyoming Needs Assessment	A/S; W/S; A		Western	\$150,000	.50 6 months	Idaho State Board of Education

Behavioral Health

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project prioritization:

Relevance
(mission-critical)

Opportunity
(funding)

Competence
(staff/consultants)

Project Title	Focus	Priority	Geo Scope	Funding	Staff FTE/ Timeline	Partners
Idaho Psychology Internship Consortium	W/S; A		Western	\$125,000	.50 2.5 years	Idaho
New Mexico Psychology Internship Consortium	W/S; A		Western	\$175,000	.50 2.5 years	New Mexico

Mountain Plains Mental Health Technology Transfer Center (MP-MHTTC): The MP-MHTTC is a five-year partnership between WICHE and the University of North Dakota to provide comprehensive training, resources, and technical assistance to mental health providers and other practitioners across a six-state area. Funded by the Substance Abuse and Mental Health Services Administration (SAMHSA), the newly formed center will specialize in rural and frontier mental health in Colorado, Utah, Wyoming, Montana, North Dakota, and South Dakota.

Rural Communities Opioid Response Program (RCORP): WICHE has partnered with JBS International to reduce morbidity and mortality associated with opioid overdoses in high-risk communities by strengthening the organizational and infrastructural capacity of multi-sector consortiums. As a partner in this project, WICHE provides monthly technical assistance to 15 sites, and aids in planning for more intensive efforts in upcoming years.

Wyoming Needs Assessment: Wyoming’s Department of Health, Behavioral Health Division, has contracted with WICHE to assess the state’s behavioral health care system. The assessment will include analyzing the state’s publicly funded behavioral health service delivery system and data collection, assessing any existing gaps in service delivery, and exploring options for a new data system.

Idaho Psychology Internship Consortium (ID-PIC): WICHE is in the initial phases of assisting the state of Idaho in the development and operation of an accredited psychology internship consortium. A primary goal of the internship program is to establish a pipeline to build Idaho’s behavioral health workforce, especially in rural and underserved areas. The Idaho State Board of Education received funding from the Idaho Legislature in 2018 to support WICHE’s assistance in restructuring and expanding an existing unaccredited internship program and pursuing American Psychological Association accreditation. ID-PIC expects to welcome its first cohort of interns in the summer of 2019.

New Mexico Psychology Internship Consortium (NM-PIC): WICHE is in the initial phases of working with partner agencies to develop a doctoral psychology internship consortium for the state of New Mexico. A primary goal of the internship program is to help develop New Mexico’s behavioral health workforce in rural and underserved areas. Through funding from the New Mexico Behavioral Health Services Division, the WICHE BHP will facilitate program development and help ensure the program meets American Psychological Association accreditation standards.

POTENTIAL FUTURE PROJECTS

Work that staff is considering pursuing (and bringing to the commission for review or approval).

Student Wellness and Mental Health: The Behavioral Health Program continues to seek opportunities and funding to partner with WICHE’s Policy Analysis and Research unit to support and improve college student wellness and mental health, with the goal of improving college completion and degree attainment for all students regardless of race, ethnicity, income, or mental health status.

Campus Sexual Assault Prevention: Following an exhaustive review of current best practices in programming and policy, WICHE has developed a program to assess all facets of campus sexual violence prevention efforts and provide campus leaders feedback about best practices in campus sexual violence prevention to support Institutes of Higher Education (IHEs) in the prevention of sexual assault. WICHE piloted this program at Northern Marianas College in 2018. WICHE is seeking additional funding to make these services available to additional IHEs.

State of Washington: Assessment of Campus Behavioral Health Care Capacity: This project, a legislative initiative, would involve contracting with the Washington Student Achievement Council (WSAC) to conduct an evaluation of mental health counseling

and services for students at 34 public community and technical college campuses as well as six public four-year multi-campus institutions.

National Institutes of Health (NIH): WICHE BHP has been approached to provide an update (pending NIH funding decision) to its publication *Mental Health and Rural America: An Overview and Annotated Bibliography*. The revision would expand the publication's focus to include substance use and addiction, with special emphasis on opioid addiction in rural and frontier areas of the U.S.

Previously considered projects that we propose to remove from the workplan: None at this time.

COMPLETED PROJECTS

Work that staff finished in FY 2019.

Alaska Psychiatric Institute Technical Assistance: WICHE provided technical assistance and consultation focused on strategic planning, staffing, and the provision of effective and efficient services.

Alaska University Behavioral Health Workforce Strategic Plan: The WICHE BHP assisted the Annapolis Coalition in developing a Behavioral Health Workforce Development Strategic Plan for the University of Alaska. Initiatives included identifying best practices in universities relevant to behavioral health workforce development that pertain to universities in rural states, and assisting in drafting and editing the strategic plan.

Beacon Health Rural Consultation: Beacon Health Options is a leading managed behavioral health company serving 44 million individuals across all 50 states. On behalf of employers, health plans, and government agencies, it manages behavioral health insurance and EAP benefits to ensure robust individual access to mental health and addiction services. The WICHE Behavioral Health Program provided technical assistance to Beacon Health to help enhance their effectiveness in providing behavioral health care for rural and frontier residents of the Western U.S.

Fort McDowell Yavapai Nation Technical Assistance: The WICHE BHP provided an operational review and service needs analysis for the Fort McDowell Yavapai Nation's Wassaja Family Services Agency. The scope of assessment included surveying community needs, assessing department policies, procedures and ongoing operations, and assessing readiness for CARF Accreditation.

Idaho Adult Mental Health Needs and Gaps Assessment: WICHE is assessing services available in Idaho for adults with serious mental health needs, identifying gaps in the continuum of services, and making recommendations to close identified gaps. The study also includes an assessment of the status of WICHE recommendations made in 2008 as part of the Idaho Behavioral Health System Redesign Study.

Idaho Southeast Behavioral Health Needs Assessment and Planning: WICHE is working with several organizations in Southeastern Idaho, including the Portneuf Health Trust, to identify community behavioral health needs and document gaps in available programs and services. As part of the project, the WICHE BHP is also assisting with the strategic and operational planning needed to launch a crisis center and a transitional housing center.

Hawai'i State Hospital Review: The Hawai'i Department of Health retained WICHE to provide an external and independent review of the Hawai'i State Hospital's new staffing estimates, its methodology/metrics for estimating and funding patient growth, and a review of a phased-in timeline for moving patients into a new forensics building.

The Hawai'i Department of Health, Early Interventions Section (EIS) retained the WICHE BHP to analyze differences in reimbursement rates paid by other state EIS agencies across the country for various disciplines (including occupational therapy, speech therapy, etc.). The study included a comparative analysis of salaries for various positions involved in EIS services and adjusted rates and salaries based on regional cost-of-living differences.

Montana State Hospital (MSH) Staffing Study: WICHE reviewed and analyzed MSH staffing, length of stay, and hospital-bed data as well as registered nursing staff duties and supervision models for direct-care staff, and compared MSH to five similar hospitals on these indicators.

South Dakota Legislative Interim Study: The South Dakota Legislature selected "mental health services in South Dakota" for their 2018 summer study session. To help focus the summer study session, the WICHE BHP worked with the group to provide related background data, answered the committee's ad hoc questions, and provided guidance as they selected mental health issues to focus on supporting and remediating in the coming years.

Washington State Data Consultation: WICHE conducted research and provided data consultation to the Washington Health Care Authority to provide recommendations on how it may best meet the federal Substance Abuse and Mental Health Services Administration block-grant data reporting requirements.

Washington Student Achievement Council: The WICHE BHP provided consultation and technical assistance on evidence-based and best practices for their grant program on suicide prevention for postsecondary students.

WCET

CURRENT ACTIVITIES Services and Resources

Continuing work that supports WICHE's mission, supported by the general fund or fees. All work in this category is considered high priority.

wcetMIX: In January 2019, WCET launched a new digital platform, wcetMIX, to support communication, collaboration, and resource-sharing among WCET members. Members are invited to opt in to communicate through WCET’s popular wcetnews and wcetdiscuss digital forums. Future plans for wcetMIX include connecting members of like interests via communities of practice and the buildout of a library of resources such as institutional policies, ed-tech product RFPs, and other shared assets germane to technology-enhanced learning.

The Z Initiative (Z refers to “Zero Cost”) brings together open educational resources (OER) leaders, champions, legislators, state higher education systems, and educational technologists—with the goal of developing and promoting best practices and policies on adoption, implementation, scalability, and sustainability of OER and zero-cost curricula. The initiative is focused on statewide approaches to developing quality OER materials for its public institutions.

WCET’s focus areas are emerging technologies, institutional success, policy and regulation, and student success. WCET works with its members to produce a variety of deliverables related to each focus area, including guest blogs, interactive webinars, digital content, summits, member discussions, research, recognition of excellence and innovation through its WOW (WCET Outstanding Work) Award, and annual meetings.

Technology: WCET’s membership engages regularly in discussions of technology applications that address student learning outcomes, administrative efficiencies, and breadth of access. Examples of technology-related issues important to members have included mobile applications, accessibility tools, technology product management, adaptive courseware, and use of social media to engage and support students.

Institutional success: WCET is well known for its leadership in management of online learning. As technology extends beyond distance education and online-unit applications, WCET is incorporating broader consideration of institutional success into this focus area. This is accomplished through WCET’s live and virtual events as well as interactive discussions among 3,800 wcetMIX forum participants.

Policy and regulation: WCET keeps its members informed of federal developments that may have an impact on higher education and its use of instructional technologies to enhance learning and extend access. WCET has been active in federal issues (including definition of distance education and of “regular and substantive interaction,” as well as state authorization) related to federal aid. WCET has also been active in state issues such as oversight of education providers and the cost vs. price of distance education offerings.

Student success: WCET continues to serve as a knowledge center on adaptive learning. Additional topics that are important to WCET’s membership include open educational resources (OER) and e-texts, development of a culture of accessibility and universal design for learning (UDL), academic integrity, and connecting credentials. WCET partnered with GlobalMindED to develop a Digital Inclusion Award, which recognizes an individual, organization, or program for efforts to increase digital engagement for first-generation learner populations.

The State Authorization Network (SAN) is a service (whose dues and membership are separate of WCET’s) for those seeking to comply with state authorization regulations for distance courses and programs. WCET provides training on state and federal regulations (especially those not covered by the State Authorization Reciprocity Agreement), access to experts, strategies on meeting state requirements, and support for a community of professionals sharing effective practices and latest developments.

Every Learner Everywhere is a network of 12 partner organizations working collaboratively to provide advice, training, and community-vetted resources that support the adoption and implementation of adaptive courseware. WCET is an intermediary for this network, which helps higher education institutions use adaptive learning technology to improve teaching and learning with a focus on increasing the success of first-generation students, low-income students, and students of color. Formerly known as the Digital Learning Solution Network, this reconstituted network is funded by the Bill & Melinda Gates Foundation.

POTENTIAL FUTURE PROJECTS

Work that staff is considering pursuing (and bringing to the commission for review or approval).

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Geo Scope	Funding	Staff FTE/ Timeline	Partners
Increasing Access, Affordability, and Equity Using OER	A/S; T/I	National	\$2.1 million	1.5 2019-2022	MHEC, SREB, NEBHE, Policy Analysis and Research Unit
Licensure Projects that Cross State Lines	A/S; A	National	TBD	SAN staff TBD	TBD

Increasing Access, Affordability, and Equity Using OER: WCET proposes to establish a national consortium with the four regional higher education compacts (MHEC, SREB, NEBHE, and WICHE) to identify, share, and support the development of promising practices and policies in state-level OER adoption and implementation. The project will leverage the unique assets of the four compacts, uniting their longstanding networks of policymakers and higher education leaders. The goal is to move OER beyond being solely a promising idea to becoming a widely used and sustainable student-success practice with a robust evidence base. WICHE’s Policy Analysis and Research unit is partnering with WCET on this effort. The proposed timeline is 36 months, and prospective funding partners would be approached including the William and Flora Hewlett Foundation.

Licensure programs that cross state lines: The State Authorization Reciprocity Agreement (SARA) addresses degree programs that cross state lines, but not additional authorizations required of postsecondary programs that lead to professional licensure, such as teacher and nursing licensure. WCET is exploring opportunities for partners and funders to better inform students and to develop such requirements for licensure professions across state lines.

COMPLETED PROJECTS

Work that staff finished in FY 2019.

Annual Meeting, Portland, Oregon

WCET Leadership Summit: Ensuring Ethical and Equitable Access in Digital Learning: June 2018, Newport Beach, Calif.

SAN Workshops and Conferences: In addition to many virtual events and communications SAN provides to its members, SAN convened several in-person workshops.

Collaborations Across WICHE Units

Focus:

F/A Finance and Affordability **A/S** Access & Success **W/S** Workforce & Society **T/I** Technology & Innovation **A** Accountability

Project	Focus	Units (BOLD = committee jurisdiction)	Activity Category	Details of Collaboration
Reducing the Postsecondary Attainment Gap for American Indians and Alaska Natives: Linking Policy and Practice	A/S	Programs & Services, Policy Analysis and Research	Projects and Initiatives (grant-funded)	This initiative, under auspices of WICHE's Programs & Services unit, benefits from a .25 FTE Policy Analysis and Research staff member conducting data analysis and research support.
Recognition of Learning	A/S; W/S; A	Policy Analysis and Research, WCET	Projects and Initiatives (grant-funded)	WICHE's Policy Analysis and Research unit is conducting an environmental scan of policies and practices related to recognition of prior learning, an area of high interest and application in WCET technology-enhanced learning cohorts.
Cybersecurity Training for Senior Nontechnical Leaders	T/I	Policy Analysis and Research, WCET	Projects and Initiatives (DHS-funded)	The work entails interplay between WICHE's cyber fellow (under WCET auspices) and Policy Analysis and Research staff.
Development of WICHE Data Management Plan	T/I; A	Policy Analysis and Research, WCET	Projects and Initiatives (reserves-funded)	The work entails interplay between WICHE's cyber fellow (under WCET auspices) and Policy Analysis and Research staff, notably in relation to the latter unit's Multistate Longitudinal Data Exchange efforts.
Evolving Higher Education Policy Issues	A/S; T/I	WCET, Policy Analysis and Research	Projects and Initiatives (variously funded)	Through WCET's Frontiers blog and other avenues, this unit contributes to public discourse on emerging issues on which WICHE has policy and research insights and context. This often leads to collaboration or co-publication in areas that recently have ranged from state authorization of distance learning, to changes in IPEDS outcome measures data with implications for attainment metrics.
Increasing Access, Affordability, and Equity Using OER	F/A; A/S	Policy Analysis and Research, WCET	New Directions (seeking funding)	This proposed national consortium would build networks to support adoption of open educational resources, adding WICHE Policy Analysis and Research acumen to existing Z Initiative (OER) efforts under WCET auspices.
Improving Policy and Practice to Support Behavioral Health on Campus	A/S; W/S	Policy Analysis and Research, Behavioral Health Program	New Directions (seeking funding)	This prospective convening of state policymakers, institutions, and other stakeholders would take advantage of WICHE policy and Behavioral Health Program expertise alike to identify policy and practice gaps related to campus behavioral health services and systems.
Scaling Technology-Assisted Skill-Building in Rural Areas	A/S; W/S	Policy Analysis and Research, WCET	New Directions (seeking funding)	This proposed project would leverage technology (and WCET expertise) to scale work-based learning to serve communities of need.
Serving Student Soldiers of the West	A/S; W/S	Policy Analysis and Research, Behavioral Health Program	New Directions (seeking funding)	This proposed project would increase higher education access and success for members of the military and their families, incorporating distinctive behavioral health attributes of these populations.

Shaded rows indicate project is currently funded
