November 2011

Western Interstate Commission for Higher Education

The Western Interstate Commission for Higher Education (WICHE) is a public, interstate agency established to promote and facilitate resource sharing, collaboration, and cooperative planning among the Western states and their colleges and universities. Member states are:

Alaska	Idaho	Oregon
Arizona	Montana	South Dakota
California	Nevada	Utah
Colorado	New Mexico	Washington
Hawaii	North Dakota	Wyoming

WICHE's broad objectives are to:

- Strengthen educational opportunities for students through expanded access to programs,
- Assist policymakers in dealing with higher education and human resource issues through research and analysis,
- Foster cooperative planning, especially that which targets the sharing of resources.

This publication was prepared by the Office of Policy Analysis and Research which is involved in the research, analysis, and reporting of information on public policy issues of concern in the WICHE states.

Data presented here are available in paper copy for \$15.00 plus \$5.00 for postage and handling through the WICHE Publications Office, 3035 Center Green Drive, Boulder, CO 80301-9752; Telephone: (303) 541-0200; FAX: (303) 541-0243. The complete report is also available online at http://www.wiche.edu/Policy/Tuition_and_Fees/index.asp.

ACKNOWLEDGMENTS

Tuition and fees data in this report were provided by state higher education governing and coordinating boards, and in some cases, individual institutions. We express our appreciation to the following individuals and agencies for providing the necessary information. Special thanks also go to Dustin Weeden, who as an intern in the Policy Analysis and Research unit during Summer 2011, handled most of the data collection activities for this edition of the report.

George Pitt, Wyoming Community College Commission
Suzie Waggoner, University of Wyoming

SUMMARY

This annual report updates the tuition and fee prices published by all of the public higher education institutions in the WICHE member states. It is the product of an annual survey administered to the State Higher Education Executive Officers (SHEEO) offices in each state, with a couple of exceptions. There is no centralized coordinating or governing body for the two-year colleges in Arizona or for the technical institutes in South Dakota. Therefore, personnel at the individual institutions in those two states responded to this survey. A copy of the survey instructions can be found among the appendices.

Beginning with the 2010-11 and continuing this year, this report presents published tuition and fees amounts as averages both unweighted and weighted by full-time equivalent enrollments. Unlike unweighted averages, which treat each institution equally no matter how big or small it is, enrollment-weighted averages provide a truer estimate of the published price a typical student faces based on enrollment patterns. Appendix E provides more information regarding enrollment weighting.

Key Findings

Unweighted average tuition and fees for resident undergraduates in 2011-12 at public four-year institutions in the WICHE region were \$7,125, an increase over the previous year of \$856 (13.7 percent). After adjusting for inflation, the change in average resident undergraduate tuition in the region was 11.3 percent over 2010-11. Tuition and fees for resident in-district students at public two-year colleges in the WICHE states, excluding California, averaged \$3,123 in 2011-12, an increase of \$276 (9.7 percent), or 7.4 percent after adjusting for inflation.

Non-resident undergraduates at public four-year institutions in the region faced an unweighted average published price of \$18,736 in 2011-12, an increase over the previous year of \$1,300 (7.5 percent). After adjusting for inflation, the change in average non-resident undergraduate tuition in the region was 5.2 percent over 2010-11. Non-resident students at public two-year colleges in the WICHE states averaged \$7,313 for tuition and fees in 2011-12, an increase of \$198 (2.8 percent), or a 0.7 percent increase after adjusting for inflation.

Tuition and fees for resident graduates in 2011-12 at public four-year institutions averaged \$8,696, an increase over the previous year of \$980 (12.7 percent). After adjusting for inflation, the change in average resident graduate tuition in the region was 10.4 percent over the 2010-11 school year. Unweighted average tuition and fees for non-resident graduate students in 2011-12 at public four-year institutions in the region were \$19,055, an increase over the previous year of \$1,303 (7.3 percent). After adjusting for inflation, the change in average non-resident graduate tuition in the region was 5.1 percent over 2010-11.

Overall, the average percent change in resident and non-resident tuition and fees for four-year institutions were higher when tuition and fees were weighted by enrollment. The inverse was found for the average percent change in enrollment-weighted resident and non-resident tuition and fees for two-year institutions.

Endnotes

- [1] In 2011-12, Alaska resident students are charged \$154 per credit hour for lower division credits, \$187 per upper division credits, and \$338 per credit for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.
- [2] Only for University of Alaska Fairbanks, all undergraduate and graduate students taking nine or more credits, all students living in university housing, and all students paying the Health Center fee must be covered by a health insurance plan. The student health insurance fee in 2011-12 is \$945 per year or \$352 per semester. However students who are covered by an alternative health insurance plan may waive the student health insurance plan.
- [3] Arizona charges additional fees for certain programs: law, pharmacy, nursing, engineering, selected master's degree programs, and undergraduate degree programs at ASU and the UA.
- [4] Rates shown for undergraduate resident students at ASU (all campuses) and NAU are for new students starting Fall 2011; different rates apply to existing students. NAU new undergraduate (resident and nonresident) student rates reflect a Block Tuition Program that keep base tuition rates unchanged (for each cohort) for 4 years.
- [5] California State University nonresident tuition is \$372 per unit at semester campuses and \$248 per unit at quarter campuses. 30 units reported for Full Time Undergraduate, 24 units for Full Time Graduate. Prior to 2010-11 there was a Full Time Maximum of 11, 160 which is no longer used.
- [6] Undergraduate students at the University of California are required to show proof of health insurance, effective Fall 2001. Undergraduate totals do not include waivable health insurance fees as follows: Berkeley: \$1,626; Davis: \$1,263; Irvine: \$848; Los Angeles: \$1,224.51; Merced: \$1,298.29; Riverside: \$684; San Diego: \$930; Santa Barbara: \$1,292.52; Santa Cruz: \$1,416.
- [7] Mandatory fees for the following institutions were imputed as equal to 2010-11 amounts and should be viewed as preliminary: Colorado State University, Pueblo; University of Northern Colorado, Colorado State University
- [8] The resident undergraduate tuition amounts for all Colorado institutions do not include the \$1,860 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive an estimated \$62 per credit hour on behalf of state residents who attend their institutions during the 2011-12 academic year as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/COFApp>).
- [9] Effective 2011, Colorado Mountain College began offering a limited selection of four-year degrees.
- [10] Prior to August 2011, Colorado Mesa University was known as Mesa State College.
- [11] Colorado Mesa's nonresident graduate tuition was obtained from its tuition schedule for incoming students in health sciences programs.
- [12] Effective 2010, Metropolitan State College of Denver began offering a limited selection of graduate degrees.
- [13] Higher rates apply to certain fields.
- [14] Upper division undergraduate students pay a higher tuition rate.

- [15] Effective AY 2003-04, Hilo discontinued its lower division tuition rate. Hilo undergraduate students previously enrolled in AY 2002-03 as classified freshmen or classified sophomores and continuing their enrollment in Fall 2003 as classified freshmen or classified sophomores were grandfathered in at a lower rate (\$1,792 for residents and \$7,408 for non-residents) for AY 2003-04.
- [16] The 2005 Idaho Legislature changed state law (House Bill 231, Idaho Code 33-3717) regarding the charging of "tuition" to resident undergraduate students. Previously, Idaho statute did not allow the cost of instruction to be charged to resident undergraduates who were charged a "matriculation fee" instead. Beginning July 1, 2005, Boise State University, Idaho State University, and Lewis-Clark State College charge "tuition fees" instead of a "matriculation fee". The 2011 Idaho Legislature changed state law (House Bill 20, Idaho Code 33-3717) which included the University of Idaho the ability to charge "tuition fees" instead of a "matriculation fee".
- [17] Tuition amounts represent lower division undergraduate costs (i.e. tuition levels for students in their junior and senior years are higher than the amounts listed). (UM Missoula, MT Tech, UM Western, MSU Northern)
- [18] 2011-12 fees include a temporary surcharge of \$20.50 per credit for undergraduates at the universities, \$12.00 per credit for graduate students at the universities, and \$14.75 per credit for undergraduates at Nevada State College, to assist in addressing the budget shortfall.
- [19] Mayville State University includes \$795 notebook computer fee. A significant change occurred in 2006-07, when non-resident students, excluding Minnesota students covered under the ND/Mn reciprocity agreement, were charged 1.5 times the resident rate, rather than the previous charge of 2.67 times the resident rate.
- [20] A significant change occurred in 2009-10, when non-resident students, excluding Minnesota students covered under the ND/Mn reciprocity agreement, were charged the resident rate, rather than the previous charge of 2.67 times the resident rate.
- [21] Valley City State University includes a \$798 notebook computer fee. Valley City State University undergraduate tuition and fee rates assume a full-time load of 15 credits per semester.
- [22] EOU instituted a separate tuition for International Students beginning AY 2011-12. International Students admitted prior to Fall 2011 are exempt from International Tuition rates. EOU removed tuition plateaus for credits in excess of 10.
- [23] Commensurate with student recommendations, OIT increased incidental fees 7.9%.
- [24] Commensurate with student recommendations, OSU-Corvallis increased all incidental fees by \$4.78.
- [25] Commensurate with approval by Student Fee Committee - PSU increased student incidental fees \$2.00.
- [26] SOU eliminated their optional Part-time policy which assessed nonresidents taking fewer than 9 hours at resident rates. The effect of the changes for Non-Resident Undergraduate students results in an unusually higher increase for 8 credits and below but no increase for 8 credits and above. Resident Undergraduate rates were brought in-line with Summer rates.
- [27] SOU simplified their tuition structure for 2011-12 by moving from a stepped based tuition structure to a standard rate per credit hour for all Graduate students. The effect of the changes for Resident Graduate students results in a range of higher increases for 10 credits and above but no increase for 9 credits and below. Implementing the standard rate per credit hour for Non-Resident Graduate students results in an unusually higher increase for 8 credits and below, decreases for 9 -14 credits and then increasing incrementally for 15 or more credit hours.
- [28] UO student government approved a 6.8% decrease in Incidental Fees with student representatives supporting a \$2 increase in Rec Center Fees.

- [29] WOU resident undergraduate rate increase pertains to the incoming freshman and transfer student cohort only. Students already enrolled at WOU receive no increase in tuition under the "WOU Tuition Promise". WOU student health insurance premium increased by 19.5% Health insurance is 51.7% of the total Health Fee. Western opened the Student Recreation Center in Spring Term 2011 and increased the Recreation Center and Incidental fees concurrent with that opening. Commensurate with student recommendations, WOU increased incidental fees \$14/term and approved a Rec Center Fee increase of \$7/term.
- [30] Full-time tuition for undergraduates is for 45 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for undergraduates at Washington State University is for 30 semester credit hours.
- [31] Academic year 2008-09 tuition and fee data provided for Washington represents a shift in fee reporting to align Washington tuition and fees with the WICHE survey methodology. Previous tuition and fee totals included only S&A and technology fees, whereas beginning in 2008-09 all institutional fees that a majority of full-time students are required to pay in addition to tuition are included. For more information about adjustments to previous years please contact the Washington State Higher Education Coordinating Board.
- [32] Data reflect main campus tuition and fees at the University of Washington.
- [33] Data reflect main campus tuition and fees at Washington State University.
- [34] In 2011-12, nonresident students pay a surcharge of \$388 per credit hour. Therefore, they are charged \$542 per credit hour for lower division credits, \$575 for upper division credits, and \$760 per credit hour for graduate credits, with no limit on the number of credits. The figures reported here assume a course load of 30/24 credit hours for undergraduate/graduate for two semesters.
- [35] 2011-12 graduate totals do not include health insurance rates as follows: Berkeley: \$2,150, Davis: \$2,166, Irvine: \$21,982, Los Angeles: \$2,056, Merced: \$1,841, Riverside: \$1,764, San Diego: \$1,647, San Francisco: \$2,532, Santa Barbara: \$2,345, Santa Cruz: \$2,667.
- [36] Colorado Mesa University began offering a graduate-level business administration program in Fall 1997.
- [37] Tuition amounts represent master's level graduate costs (i.e. tuition levels for doctoral students are higher than the amounts listed). (UM Missoula)
- [38] Beginning with Fall 2006 term, the Board of Regents adopted a non-resident rate of 150% of the undergraduate resident rate. All new undergraduate non-residents and new transfers pay this rate except for Minnesota students who pay the approved reciprocity rate.
- [39] The non-resident graduate tuition rate was lowered \$100.00 per credit hour beginning with the Summer 2009 term. The reduction in the Non-Resident graduate tuition rate is a result of the re-organization of the Self-Support Tuition rates.
- [40] The Utah System of Higher Education (USHE) allows differential tuition rates for 26 separate graduate programs. Graduate tuition and fees reported here are basic tuition and fee rates applicable to graduate programs within the USHE (not an average of the 26 separate graduate programs).
- [41] The graduate tuition and fee rates for Southern Utah University, Weber State University, and Utah Valley University are based on the rates of the institutions' Master of Education programs.
- [42] Utah Valley University began offering graduate degree programs Fall Semester 2008.

- [43] Full-time tuition for graduates is for 30 quarter credit hours at Central Washington University, Eastern Washington University, Evergreen State College, University of Washington, and Western Washington University. Full-time tuition for graduates at Washington State University is for 20 semester credit hours.
- [44] Graduate rates at the University of Washington reflect those for graduate tier I.
- [45] Prince William Sound community college charges the same tuition and fees for residents and non-residents \$133 per lower division credit hour and \$187 per upper division credit hour. The figures reported here assume a course load of 30 credit hours for two semesters.
- [46] All amounts indicated include mandatory registration and technology fees wherever these fees are not broken out separately.
- [47] All tuition and fees are calculated on 24 credit hours annually.
- [48] A student who is a resident of another state is charged an out-of-state or nonresident fee per unit. The fee is set by each community college district and is in addition to the statewide per unit enrollment fee.
- [49] A student who is a citizen and resident of a foreign country can be charged an additional nonresident fee per unit strictly for capital outlay expenditures. The fee is set by each community college district but cannot exceed actual expenditures per Full-Time Equivalent (FTE) student in the prior fiscal year and also cannot exceed 50 percent of the regular nonresident fee.
- [50] All Residents, except Aims Community College and Colorado Mountain College: The resident undergraduate tuition amounts for all Colorado institutions do not include the \$1,860 voucher for which all Colorado residents taking a full-time undergraduate course load of 30 credit hours at public institutions in Colorado are eligible. Beginning with the 2005-06 academic year, Colorado implemented the College Opportunity Fund (COF). Instead of the direct appropriations to institutions, under COF all public institutions in the state will receive an estimated \$62 per credit hour on behalf of state residents who attend their institutions during the 2011-12 academic year as undergraduates and who apply for the voucher. Students are eligible for the COF voucher until they reach 145 credit hours of undergraduate study. The per-student allocation is set by the state's General Assembly during its budget process (<https://cof.college-assist.org/COFApp>).
- [51] All Community Colleges, except Colorado Mountain College:
Higher rates apply to certain fields.
- [52] Aims Community College and Colorado Mountain College both have local district tax standing. This means that the schools have different tuition structure for "in-district residents", "in-state residents", and "out-of-state" students. The values presented are for "in-district residents."
- [53] Effective 2011, Colorado Mountain College began offering a limited selection of four-year degrees.
- [54] Northeastern Junior College joined the Colorado Community College System in 1997-98 and Colorado Northwestern Community College joined in 1999-2000. Tuition and fees were adjusted to be consistent with other members of the Colorado Community College System. They no longer charge an out-of-district differential.
- [55] Community college tuition is charged on a per-credit basis for all enrolled credits effective academic year 2001-02. The amounts reported here are based on 15 enrolled credits per semester (30 per year). Note that prior to AY 2010-11, amounts were based on 12 enrolled credits per semester (24 per year). The per-credit rate (non-resident) for AY 2011-12 is \$290 for all campuses, except UH Maui College which charges \$400.
- [56] Maui Community College renamed University of Hawai'i Maui College effective February 2010 to reflect the institution's four-year degree offerings. However, UH Maui College will continue to be included with the community colleges for reporting purposes.

- [57] Resident tuition levels represent amounts charged to residents of the local district/county supporting the institution.
- [58] Tuition is reported for full-time lower-division courses only. Select baccalaureate programs are offered.
- [59] Tuition and fee rates assume a full-time load of 15 credits per semester. Until 2011-12, the 14th and 15th credits were free at Williston State College. Only the 15th credit is free in 2011-12.
- [60] Clatsop Community College capped charges at 12 credit hours prior to 1997-98.
- [61] Oregon Coast Community College is accredited through Chemeketa Community College.
- [62] District policy for Southwestern Oregon Community College allows a person to obtain residency in the district after residing in the district for 90 or more days.
- [63] Tillamook Bay Community College is accredited through Portland Community College.
- [64] Prior to 2006-07 full-time status for Southeast Technical Institute was reported as 12 credits per semester.
- [65] Additional required fees may be charged for facility, technology, and program costs.
- [66] Effective July 1, 2010, the College of Eastern Utah became a subsidiary unit of Utah State University as one of USU's Regional Campus sites. The name of the institution is now Utah State University-College of Eastern Utah.
- [67] These rates reflect the official Washington community college nonresident tuition rates. Individual community colleges have the authority to waive all or a portion of the nonresidential differential, and the majority of the colleges do exercise this waiver authority.
- [68] Lake Washington Technical College changed its name to Lake Washington Institute of Technology effective July 22, 2011.

Appendix A

The Carnegie Classification of Institutions of Higher Education, 2010

The Carnegie Classification™ has been the leading framework for recognizing and describing institutional diversity in U.S. higher education for the past four decades. Starting in 1970, the Carnegie Commission on Higher Education developed a classification of colleges and universities to support its program of research and policy analysis. Derived from empirical data on colleges and universities, the Carnegie Classification was originally published in 1973, and subsequently updated in 1976, 1987, 1994, 2000, 2005, and 2010 to reflect changes among colleges and universities. This framework has been widely used in the study of higher education, both as a way to represent and control for institutional differences, and also in the design of research studies to ensure adequate representation of sampled institutions, students, or faculty.

To ensure continuity of the classification framework and to allow comparison across years, the 2010 Classification update retains the same structure of six parallel classifications, initially adopted in 2005. They are as follows: Basic Classification (the traditional Carnegie Classification Framework), Undergraduate and Graduate Instructional Program classifications, Enrollment Profile and Undergraduate Profile classifications, and Size & Setting classification. These classifications provide different lenses through which to view U.S. colleges and universities, offering researchers greater analytic flexibility.

These classifications were updated using the most recent national data available as of 2010, and collectively they depict the most current landscape of U.S. colleges and universities.

Descriptions below were pieced together using the language from the Carnegie Foundations web site. For full descriptions and more detailed information on classification procedures, refer to the Carnegie Foundation's web-based interface, available at :

<http://classifications.carnegiefoundation.org/methodology/index.php>.

Doctorate-granting Institutions

Institutions were included in these categories if they awarded at least 20 research doctorates in 2008-09. First professional and Professional doctoral degrees (J.D., M.D., Pharm.D., Aud.D., DNP, etc.) were not counted for the purpose of this criterion. Institutions which granted fewer than 20 research doctorates can be identified by using Custom Listings to intersect categories of the Basic and Graduate Instructional Program classifications. As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Level of research activity Doctorate-granting institutions were assigned to one of three categories based on a measure of research activity. It is important to note that the groups differ solely with respect to level of research activity, not quality or importance.

The analysis examined the following correlates of research activity: research & development (R&D) expenditures in science and engineering; R&D expenditures in non-S&E fields; S&E research staff (postdoctoral appointees and other non-faculty research staff with doctorates); doctoral conferrals in humanities fields, in social science fields, in STEM (science, technology, engineering, and mathematics) fields, and in other fields (e.g., business, education, public policy, social work). These data were statistically combined using principal components analysis to create two indices of research activity reflecting the total variation across these measures (based on the first principal component in each analysis)

Master's Colleges and Universities

Institutions were included in these categories if they awarded at least 50 master's degrees in 2008-09, but fewer than 20 research doctorates (as defined above). Some institutions with smaller master's programs were also included (see below). As in previous editions, these categories were limited to institutions that were not identified as Tribal Colleges or Special Focus Institutions.

Program size Master's program size was based on the number of master's degrees awarded in 2008-09. Those awarding at least 200 degrees were included among larger programs; those awarding 100–199 were included among medium programs; and those awarding 50–99 were included among smaller programs. The smaller programs group also includes institutions that awarded fewer than 50 master's degrees if (a) their Enrollment Profile classification is Exclusively Graduate/Professional or (b) their Enrollment Profile classification is Majority Graduate/Professional and they awarded more graduate/professional degrees than undergraduate degrees.

Baccalaureate Colleges

Institutions were included in these categories if bachelor's degrees accounted for at least 10 percent of all undergraduate degrees and they awarded fewer than 50 master's degrees (2008-09 degree conferrals). In addition, these categories were limited to institutions that were not identified as Tribal Colleges or as Special Focus Institutions.

Among institutions where bachelor's degrees represented at least half of all undergraduate degrees, those with at least half of bachelor's degree majors in arts and sciences fields were included in the "Arts & Sciences" group, while the remaining institutions were included in the "Diverse Fields" group.

Institutions where bachelor's degrees represented at least 10 percent but less than half of undergraduate degrees were assigned to the Baccalaureate/Associate's category.

Associate's Colleges

Institutions were included if their highest degree conferred was the associate's degree or if bachelor's degrees accounted for less than 10 percent of all undergraduate degrees (according to 2008-09 degree conferrals as reported in [IPEDS](#)). As in previous editions, these categories were limited to institutions that were not eligible to be classified as Tribal Colleges or Special Focus Institutions.

Special Focus Institutions

The special-focus designation was based on the concentration of degrees in a single field or set of related fields, at both the undergraduate and graduate levels. Institutions were determined to have a special focus with concentrations of at least 75 percent of undergraduate and graduate degrees. In some cases the percentage criterion was relaxed if an institution identified a special focus on the College Board's Annual Survey of Colleges, or if an institution's only recognized accreditation was from an accrediting body related to the special focus categories.

Appendix D Procedure for Converting Current Dollars To Constant Dollars

The Higher Education Cost Adjustment (HECA), calculated by SHEEO, was used in Tables 2a and 2b to adjust for the effects of inflation. The base year for the constant dollar conversions was 2011, and the 2011 figure is preliminary at the time of this publication.

The formula for the constant dollar conversion is:

$$TF_{\text{Constant}} = \frac{TF_{\text{Current}}}{(HECA_{\text{Base}}/HECA_{\text{Current}})}$$

For example, the procedure to convert average resident undergraduate tuition in 2006-07 shown in Table 1a, \$4,377 to 2011 constant dollars is as follows:

$$TF_{\text{Constant}} = \frac{4,377}{(88.9/100)},$$

where the HECA value for 2011 is 100 and the HECA value for 2006 is 88.9.

Appendix E Methodology

Since 1980, WICHE has collected tuition and fees data annually from public four-year and two-year institutions in its 15 member states. The data are generally provided by staff at system offices or at state higher education governing and coordinating board offices; a small number of individual institutions provide their data directly. Each year, respondents are asked to provide current published tuition and fees data for resident and nonresident undergraduate, graduate, and professional students in public four-year colleges and universities, and for resident and nonresident students in public two-year colleges. Data are charged to full-time students attending for the full academic year, except special sessions and summer terms. Respondents were asked to indicate tuition and mandatory fees separately. In addition, they are asked to verify and, if necessary, correct previously reported data.

The 2011 survey was mailed to state governing and coordinating board staff in June 2011. Surveys were returned by October 2011. The survey data were reviewed for possible errors, and problems were discussed with the staff in the appropriate office. This year's breakdown by institutional type used the "Basic Classification" of the 2010 revision to *The Carnegie Classification of Institutions of Higher Education*; more information on the Carnegie classifications is available at <http://classifications.carnegiefoundation.org/index.php>.

This year's edition provides enrollment-weighted averages of tuition and fees in addition to the unweighted averages historically reported. WICHE used the *Fall Enrollment Survey* from the National Center for Education Statistics' (NCES) Integrated Postsecondary Education Data System (IPEDS) to determine full-time equivalents (FTEs) for each public 2-year and 4-year institution in the West. The weighted averages used FTEs by institution as the weights and FTE was calculated as equal to the full-time enrollment plus 1/3 of the part-time enrollment as reported in IPEDS for the applicable year. 2011-12 enrollment weights used the 2010-11 FTE figure since the enrollment data are not yet available.

APPENDIX F

Tuition and Required Fees in the West, 2011-12

SURVEY INSTRUCTIONS

SECTION 1 – Tuition & Fees for 2011-12

Please provide resident and nonresident tuition amounts for a full-time student in the applicable columns on the survey form for the 2011-12 academic year. NOTE: When completing the survey, please provide amounts for a **full academic year** in the resident and nonresident columns. For each institution, indicate **separately** the tuition and required fees for full-time students for both undergraduate and graduate categories. **If there are differences in tuition and fees for lower division and upper division students, please provide lower division tuition and fees.**

Amounts for 2010-11, 2006-07, and 2001-02 were provided by your office and published in prior editions of *Tuition and Fees in Public Higher Education in the West*. Please verify these numbers for accuracy and (they show a sum of the tuition and fees amount reported separately beginning with 2006-07).

Add any newly established public institutions and indicate name changes for any existing institutions on the survey form.

SECTION 2 - Endnotes

We also ask that you verify the endnotes at the bottom of the survey and include any new endnotes or information on special policies pertaining to tuition and required fees. Please review the endnotes and check the appropriate box on the survey form next to each endnote:

1. If no changes are needed, check the “No Change” box next the endnote.
2. If changes are needed, mark the “Change” box next to the endnote and make any necessary changes directly on the survey form.
3. To have an endnote deleted and not included in the 2010-11 publication and all subsequent editions, mark the “Delete” box next to the corresponding endnote.
4. Add any new endnotes in the space provided.

SECTION 3 – Person completing the form

Please complete this section.

DEFINITIONS

For the purposes of this survey, the following definitions apply:

Tuition is the total dollar amount paid by a full-time student for a full academic year, usually two semesters, three quarters, or two trimesters.

Required fees include the institutional fees that a majority of full-time students are required to pay in addition to tuition. Costs for books and supplies should **not** be included.

Full-time undergraduate tuition and fee rates should be based on 15 credit hours per semester or equivalent. (Please provide an endnote(s) if this calculation differs from how data have been submitted in previous years.)

Full-time graduate tuition and fee rates should be based on 12 credit hours per semester or equivalent. (Please provide an endnote(s) if this calculation differs from how data have been submitted in previous years.)
